

Governor's Conference on

# LEADERSHIP, EQUALITY, ACCESSIBILITY & DIVERSITY

## SUMMARY OF #KYLEAD2021

Over the past 20 years, the Kentucky Governor's Conference on Leadership, Equality, Accessibility and Diversity (KyLEAD) has become one of the premier diversity and leadership training opportunities in the region.

In 2021, the KyLEAD Conference continued to build on its legacy of providing essential tools and resources for tomorrow's leaders.

This virtual conference event has attracted over 1,000 professionals from across the U.S., representing legal, human resources, administrative and other related fields.

Last year, registrants heard from over 30 speakers who addressed topics such as inclusive leadership, resiliency, pay inequity, as well as opening remarks from Gov. Andy Beshear.

Event sponsors engaged and connected with attendees from across the country through raffles and a dedicated virtual exhibit hall which provided opportunities for registrants to learn more about their organization.

Thank you in advance for your support and commitment to equipping our leaders of today for a more inclusive tomorrow as we look forward to partnering with you in 2022!
