Per House Bill 200, transfer funds from the KEHP trust fund to the General Fund to partially support employer retirement contributions in the amount of \$135,140,500 in FY18-19 and \$175,364,400 in FY19-20.  
Per House Bill 352, excess funds from plan year 2016, 2017, 2018, 2019, and 2020 are authorized to be used to satisfy claims or expenses in plan year 2021 and 2022.

## Assumptions and Methodology

Total incurred claims developed utilizing Bornhuetter-Ferguson methodology (industry standard)  
Medical claims annual trend - 8.5%  
Pharmacy claims annual trend - 18% for 2025, 12% for 2026-2028  
Medical and Pharmacy claims adjusted for 2026 plan designs  
Medical and Pharmacy claims paid by Standard CDHP/LivingWell CDHP HRA funds have been excluded from the Merative database as Plan paid expenses. Therefore, adding the HRA medical and pharmacy claims to those in the database provides total medical and pharmacy claims.  
Enrollment growth trend - 0.0%  
Investment return - 0.0%  
Premiums are based on EE/ER premium rates and projected enrollments  
Administrative fees reflect the contract rates effective in 2025  
2016-2028 Operating Transfers/Expenses & Adjustments include health care reform expenses  
HRA expenses included in Plan Year credits are utilized - assume 101% and 72% of annual credits are utilized in HRA CDHP and HRA Waiver plan respectively in plan year 2024. Assume these percentages remain constant in future plan years.  
Unused HRA balances are carried forward each year with cap on waiver HRA; thus, claims are expected to draw from these balances  
Members are allowed to rollover up to \$550 unused FSA balance each year; thus, claims are expected to draw from these balances
