Introducing Anthem Blue View VisionSM

Eye doctors can detect eye diseases like diabetic retinopathy and glaucoma early on. And they're often the first to find other health problems, such as high blood pressure, high cholesterol and diabetes, through regular eye exams. That's why we make getting eye care easy and affordable.

Outstanding Vision Network

With Anthem Blue View Vision Insight Network you can get your eye care and eyewear just about anywhere! You will have access to one of the largest vision networks in the nation. You can choose from many private practice doctors, local optical stores, national retail stores and order eyewear online. Many of these stores have evening and weekend hours, so you can go when it makes sense for you. And you can even buy eyewear at a location that's different from where you get your eye exam.

Lower costs in the network

We want you to be able to get your eye care and eyewear when you need it—at a price you can afford. Just remember, you'll save time and money by using an eye doctor or optical retail store that's in the network. And when you use your benefits at a network provider, you can include the following options at no additional cost:

- Factory scratch coating on standard plastic prescription lenses
- Transitions[®] lenses for covered dependents under age 19
- Impact-resistant polycarbonate lenses for covered dependents under age 19

Serious savings on just about everything

With Blue View Vision, you can save beyond your benefits through in-network providers. If you buy an eyeglass frame that costs more than your allowance, you'll save 20% off the balance. If you use your contact lens benefit to purchase conventional contact lenses and your cost is higher than your benefit allowance, you'll get 15% off the balance.

Plus, you get:

- 40% off extra pairs of glasses anytime, from any network provider.
- High-quality progressive lenses and anti-reflective coatings at different price levels, so you can control how much you spend.
- Negotiated savings on other popular lens options and treatments.
- 20% off other upgrades, accessories and nonprescription sunglasses.

Your vision benefits at a glance
