

Carrum Health Benefit

Participants in the Plan have access to the Carrum Health Benefit, which provides enhanced coverage for certain planned procedures at participating Centers of Excellence. Through the Carrum Health Benefit, participants have access to specialized providers and facilities selected for their expertise in certain high-risk or high-cost procedures, referred to as “Centers of Excellence”.

Participants may, but are not required to, use the Carrum Health Benefit for the following procedures or conditions:

 - Cardiac (heart) surgery (e.g., bypass, valve repair and replacement)
- Cancer care
 - Advisory Program (virtual second opinions / expert reviews and support)
 - Treatment (e.g. excision surgery, chemotherapy, radiation treatment, supportive care, such as psychosocial, nutrition and family support)

This section describes the Carrum Health Benefit, including important conditions and restrictions. The Summary of Benefits Coverage table below summarizes coverage of the medical services available through the Carrum Health Benefit. As shown below, certain eligible services performed through the Carrum Health Benefit are covered at 100%, meaning there is no out-of-pocket spend for the participant such as copays or coinsurance, except that a participant in an HSA-eligible plan must meet their Federal Minimum deductible.

About Carrum Health

Carrum Health provides access to Centers of Excellence for planned medical care and coordinates the delivery of care with travel, communication and other non-medical aspects of the program. Carrum Health itself does not render any medical care or advice and does not recommend any particular medical providers or course of treatment.

To learn more about the Carrum Health Benefit or request a consultation with a Center of Excellence, please contact Carrum Health at 1-888-855-7806, Monday-Friday 9am-8pm ET, or visit carrum.me/kehpc. The ‘Carrum Health’ app is available to download on both iPhone and Android devices.

How It Works

Plan participants can contact Carrum Health at 1-888-855-7806, Monday-Friday 9am-8pm EST, online at carrum.me/kehpc, or by downloading the ‘Carrum Health’ app on iPhone and Android devices to search for and compare participating Centers of Excellence.

After contacting Carrum Health, a participant is assigned a Care Specialist to determine if the participant may be referred to a Center of Excellence and provide non-medical coordination throughout the entire episode of care. Care Specialist services can include assistance with selection of a Center of Excellence, medical records collection, appointment scheduling, and travel reservations and logistics management. The Care Specialist can also assist the participant with registration for the Carrum Health Benefit through the Carrum Health app and completion of required forms.

Participants are required to agree to Carrum Health's Terms of Service and Member Registration Agreement and must also agree to provide their medical records and any other relevant information to their selected Center of Excellence as needed to schedule a consultative evaluation. Medical records and images may be collected on behalf of participants by their assigned Care Specialists. During the consultation, the Center of Excellence will determine if the participant is an appropriate candidate for the requested procedure or treatment. Receiving this consultation does not commit a participant to proceed with the procedure or treatment, or to use the Carrum Health Benefit.

Covered Expenses

Medical

The Carrum Health Benefit covers all medical costs charged by the Center of Excellence that are related to the covered procedure with no Copay, Deductible, or Coinsurance (except those enrolled in an HSA-eligible plan will still be subject to the Federal Minimum Deductible).

Cancer Care

Cancer care covered through the Carrum Health Benefit includes:

- Cancer Advisory Program and ongoing support for all cancer diagnoses
- Treatment for cancer provided by Center of Excellence including:
 - Breast
 - Thyroid

Travel

The Carrum Health Benefit covers the cost of travel to the Center of Excellence, including transportation, lodging, meals and incidentals, depending on the distance of the participant from the Center of Excellence and the type of procedure requested. This coverage of travel cost is subject to certain limits. Please contact your Care Specialist or Carrum Health at 1-888-855-7806 or via the Carrum Health app for details regarding what travel benefits may be available with respect to your requested treatment.

For transportation and lodging to be covered under the Carrum Health Benefit, it must be booked by Carrum Health's Patient Care Team. Generally, the Patient Care Team will book travel on behalf of the participant for:

- Roundtrip transportation for an in-person consultation with a Center of Excellence, to the extent requested by the Center of Excellence, for the participant only
- Roundtrip transportation and hotel stay to receive the procedure at a Center of Excellence, for the participant and adult travel companion

Any stipend for meals and incidentals is provided via PayPal or prepaid Mastercard.

A participant will receive a Form 1099 reflecting any taxable travel benefits, such as lodging costs over federal tax limits and daily stipends.

Coverage Limitations and Disclosures

- To receive coverage under the Carrum Health Benefit, a Center of Excellence must determine that it will provide the requested procedure to the participant. A Center of Excellence may decline to treat a participant as it determines in its discretion, including, but not limited to, for failure to:
 1. identify a designated adult companion who is willing and able to meet caregiver requirements;
 2. be safe to travel to the Center of Excellence for medical care and not requiring emergency care at the time of travel;
 3. follow preoperative and postoperative instructions;
 4. provide all required medical history, labs, and diagnostic tests;
 5. make lifestyle changes required by the Center of Excellence as a condition of obtaining the covered procedure (e.g., stop smoking or lose weight); or
 6. refrain from committing an act of physical or verbal abuse or other threatening behavior to the staff of the Center of Excellence.
- To receive coverage under the Carrum Health Benefit, services MUST be scheduled and authorized by Carrum Health. If the participant does not use the Carrum Health Benefit, their care will be covered as outlined in the Summary of Benefits Coverage table above under “In-Network” and “Out-of-Network”, as applicable.
- Emergency medical services that are rendered by a Center of Excellence are not covered under the Carrum Health Benefit and are subject to the coverage limits, cost-sharing, and other terms of the Plan.
- Certain examinations, tests, or other medical services may be required before or after the participant visits the Center of Excellence under the Carrum Health Benefit. Any medical services not performed by a participating Center of Excellence facility or physician, including necessary pre-and post-acute care, are not covered under the Carrum Health Benefit and are subject to the coverage limits, cost-sharing, and other terms of the Plan.
- The Carrum Health Benefit applies toward any benefit maximums on the covered procedures under the Plan. Any cost-sharing paid by the participant will count towards the Plan’s annual deductible and out-of-pocket maximum.
- Carrum Health will provide appropriate documentation for any non-medical benefits paid under the program, which may be subject to taxation as income to the participant, such as the allowance paid for meals and incidentals.
- Coverage under the Carrum Health Benefit may be denied by Carrum Health if:
 1. The participant refuses to complete documentation required to participate in the Carrum Health Benefit, including the Terms of Service and Member Registration Agreement;
 2. A participant requests to be referred to another Center of Excellence after the initial Center of Excellence has determined the participant is not an appropriate candidate for the requested treatment. Note this does not apply when the initial referral is to an outpatient facility or ambulatory surgical center (ASC) that cannot treat the participant because their condition is too complex, in which case the participant may be referred to an acute care Center of Excellence. This also does not apply when the consulting COE agrees treatment is necessary, however there are medically related circumstances prohibiting the member from utilizing the initial COE. In this case the participant may be referred to one alternative Center of Excellence;
 3. The treatment is being sought to satisfy a court order;
 4. The participant violates the Carrum Health Terms of Service or Member Registration Agreement; or
 5. The participant is on probation and does not provide written approval from their probation officer that they are allowed to travel for treatment.
- If the Plan would pay secondary in accordance with its coordination of benefits provisions, such secondary coverage will be determined in accordance with the Plan’s standard terms and cost-sharing provisions and not under this Carrum Health Benefit.

Benefit Notifications

Carrum Health will provide a participant with written or electronic notification of any adverse benefit determination. The notification will include:

- The specific reason or reasons for the adverse determination;
- Reference to the specific Plan provisions on which the determination is based;
- A description of any additional material or information necessary for the participant to perfect the claim and an explanation of why such material or information is necessary;
- A description of the appeal procedures and the time limits applicable to such procedures, including a statement of the participant's right to bring a civil action under section 502(a) of ERISA following an adverse benefit determination of a second-level appeal;
- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such a rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of such rule, guideline, protocol, or other criterion will be provided free of charge to the claimant upon request;

- The availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.

Appeals

The Plan requires two levels of appeal with respect to the Carrum Health Benefit. The request for a first-level appeal must be made within 180 days following receipt of the adverse benefit determination, by submitting such request to Carrum Health at appeals@carrumhealth.com. The request for a second-level appeal must be made within 60 days following receipt of the adverse benefit determination on review, by submitting such request to Carrum Health at appeals@carrumhealth.com.

As part of the appeal process, a participant may submit written comments, documents, records, and other information relating to the claim for benefits. The review will take into account all comments, documents, records, and other information submitted by the participant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination. The review will not afford deference to the initial adverse benefit determination and is conducted by an appropriate named fiduciary of the Plan who is neither the individual who made the adverse benefit determination that is the subject of the appeal, nor the subordinate of such individual.

A participant will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the participant's claim for benefits.

A participant will be provided, free of charge, with any new or additional evidence considered, relied upon, or generated by Carrum Health in connection with the claim or any new or additional rationale for an adverse benefit determination as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided to give the participant a reasonable opportunity to respond prior to that date.

When the requested treatment has not yet been provided, Carrum Health will notify the participant of a benefit determination on review no later than 15 days after receipt by Carrum Health of the participant's request for a first-level appeal or second-level appeal, as applicable. When requested treatment has already been provided, Carrum Health will notify the participant of benefit determination on review no later than 30 days after receipt by Carrum Health of the participant's request for a first-level appeal or a second-level appeal, as applicable.

Carrum Health will provide a participant with written or electronic notification of an appeal determination. In the case of an adverse benefit determination, the notification will include:

- The specific reason or reasons for the adverse determination;
- Reference to the specific Plan provisions on which the benefit determination is based;
- A statement that the participant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the participant's claim for benefits;
- A statement of the participant's right to bring a civil action under section 502(a) of ERISA following an adverse benefit determination of a second-level appeal;
- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
- The following statement: "You and your plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency."
- Information sufficient to identify the claim involved (including the date of service, the health care provider, the claim amount (if applicable), and a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning);
- The reason or reasons for the adverse benefit determination, including the denial code and its corresponding meaning, as well as a description of the Plan's standard, if any, that was used in denying the claim, including a discussion of the decision;
- A description of available internal appeals and external review processes, if any, including information regarding how to initiate an appeal; and
- The availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.

No action at law or in equity may be brought to recover under the Carrum Health Benefit under the Plan until all administrative remedies have been exhausted (including the two levels of appeal). If a participant fails to file a timely claim, or if the participant fails to request a review in accordance with the Plan's claim procedures outlined herein, such participant will have no right of review and will have no right to bring any action in any court. The denial of the claim will become final and binding on all persons for all purposes.

Any action at law or in equity with respect to any and all claims relating to the Carrum Health Benefit under the Plan must be brought for recovery within one year from the earlier of (1) the date of an adverse benefit determination on a

second-level appeal, if applicable, or (2) the accrual of any claim under or relating to the Carrum Health Benefit that does not result in an adverse benefit determination on a second-level appeal.
