RE: KEHP LivingWell Promise **NOT** Fulfilled – **ACTION REQUIRED**

Due to changes in Federal Regulations related to health plan wellness programs, the Kentucky Employees' Health Plan (KEHP) is required to change the reward for fulfilling the LivingWell Promise.

You are receiving a final opportunity to complete your 2016 LivingWell Promise so that you too can receive this reward. **You have until August 15, 2016 to complete your Humana Vitality Health Assessment.** Because this is your final notice, we are encouraging you to take your Health Assessment rather than the Vitality Check due to the length of processing time for the biometric screening.

In 2017, whether you complete your LivingWell Promise or not, you will have access to both the LivingWell and Standard plan options. However, only members who completed their LivingWell Promise in 2016 will have the opportunity for discounted insurance premiums based on 2017 plan rates.

Because we do not want you to incur a premium penalty in the next plan year, **you should immediately go to LivingWell.ky.gov and follow the steps below:**

To complete your Health Assessment:

- Click on the "Humana Vitality Login"
- Sign in or register with your MyHumana login
- Click the "Get Healthy" tab
- Click "Health Assessment" to answer the questions and receive your Vitality Age

This final opportunity is available **only through August 15, 2016.**

If you have difficulty completing the health assessment, contact Humana Vitality at 855-478-1623.

Regards,

Kentucky Employees' Health Plan

NOTE: You can ignore this letter if you have already completed your Health Assessment or Vitality Check. Due to processing timelines, this letter may have been produced prior to the KEHP receiving notice of your LivingWell Promise completion.
