

Your vision benefits at a glance

We're committed to making it easier for you to live your healthiest life. That's why your Blue View Vision plan makes it more convenient to care for your eyes. It can also help you save money.

Benefits of your Blue View Vision plan

Flexibility and choice

Your plan offers one of the largest vision care networks in the country, with over 43,000 eye doctors and optometrists at more than 31,000 locations.² This plan allows you to choose where you receive eye care and eyewear. You can go to an independent eye doctor in your plan's network, or you can go to a variety of popular regional and national stores such as LensCrafters®, Pearle Vision®, and Target Optical®. Many of these stores have evening and weekend hours, so you can go at the best time for you.

Lower costs

We want you to be able to access eye care and buy eyewear when you need it, at a lower cost. Choosing an independent eye doctor or optical retail store in your plan's network helps you save money. Your plan also includes the following options at no extra cost:

- Factory scratch coating on standard eyeglass lenses.
- UV-blocking Transitions® lenses for covered dependents under age 21.
- Impact-resistant polycarbonate lenses for covered dependents under age 21.

Regular vision exams can provide early detection of cataracts and glaucoma, as well as diabetes, high blood pressure, and high cholesterol.¹

Online convenience

You have 24/7 access to online retailers including Glasses.com®, ContactsDirect®, 1-800 CONTACTS®, Ray-Ban.com, LensCrafters.com, Target.com, Befitting.com, and, now, Oakley.com.

Additional benefits and discounts

- Receive 40% off extra pairs of glasses anytime, from any eye doctor or store in your plan's network.
- Choose from quality progressive lenses and anti-reflective coatings at different price levels, so you can control how much you spend.
- Save on popular lens options and treatments.
- Save 20% on upgrades, accessories, and nonprescription sunglasses.
- Get 20% off your balance if you buy eyeglass frames that cost more than your benefit allowance.
- Receive 15% off your balance if you buy conventional contact lenses that cost more than your allowance.

Your plan options

Here is a summary of the coverage provided by your three plan options: Bronze, Silver, and Gold.
