Re: **Governor's Leadership Program**

In an effort to continue to provide innovative programming and services for our employees, we are pleased to announce the launch of the Governor's Leadership Program (GLP). Administered by our Office of Employee Engagement and Training, the GLP will provide opportunities for our employees to develop their professional skills and capabilities, enhance employee engagement at all levels, and continue our on-going commitment to meet the needs of our employees and the citizens of the Commonwealth of Kentucky. The GLP will serve as the Executive Branch's official leadership development program.

The Governor's Leadership Program (GLP) will provide in-depth practical training for Executive Branch employees virtually, on-line, and through a series of in-person course offerings, to include, high-caliber workshop sessions led by private and public sector subject matter experts, as well as unique opportunities to network with cabinets and agencies throughout the Commonwealth. The GLP will offer two levels of training – Executive Leaders and Emerging Leaders.

Details pertaining to this program will be forthcoming to agency HR Executives.

If you have any questions, please contact Vikki Stone at Vikki.Stone@ky.gov.

Thank you.
