PREFERRED PROVIDER AND FACILITY PLAN OPTION

Agreements have been made with certain *providers* and facilities of health care called Preferred *Providers* (PAR *providers*) and Preferred Facilities (PAR facilities). *You* may select any *provider* to provide *your* medical care.

The Plan Administrator will automatically provide, without charge, information to *you* about how *you* can access a directory of PAR *Providers*, appropriate to *your service area*. The PAR *provider* directory will be available either in hard copy as a separate document, or in electronic format. Because health care *providers* enter and exit networks unpredictably, the *Plan Manager* can be contacted for network *provider* verification.

If *you* choose to receive *your* medical care from a Preferred *Provider*, *services* are payable as shown on the Schedule of Benefits. If *you* choose to receive *your* medical care from a Preferred Facility, *covered expenses* are payable as shown on the Schedule of Benefits.

Covered expenses are payable on a *maximum allowable fee* basis. Any applicable penalty does not apply to the *deductible* or *out-of-pocket limits* shown on the Schedule of Benefits.

Professional *services* rendered by a facility based Non-PAR *Physician* but performed at a PAR facility, are automatically paid at the PAR level of benefits.

This schedule provides a brief overview of *Plan* benefits and is not a complete description. Refer to the text for a detailed description of *your Plan* benefits.

MYHUMANA

MyHumana is a personal, password-protected home page that provides information and tools to help *covered persons* make informed decisions. Log in to MyHumana, at www.humana.com, anytime to find a participating provider, look up benefits or check the status of a claim. *You* can also find shop-and-compare tools to help *you* choose *hospitals* and doctors, a health encyclopedia, information on specific health conditions, financial tools to help with budgeting for health care and more.

HUMANA HEALTH ASSESSMENT

The Health Assessment is a confidential, online lifestyle questionnaire located at MyHumana (accessible at www.humana.com). Upon completion of the assessment, *you* will receive a customized health report that identifies health risks and provides steps *you* can take to gain more control of *your* health. Responses may also result in a referral to an Informed Care Management Program.

UTILIZATION/CASE MANAGEMENT

Utilization management and *case management* are designed to assist *covered persons* in making informed medical care decisions resulting in the delivery of appropriate levels of *Plan* benefits for each proposed course of treatment. These decisions are based on the medical information provided by the patient and the patient's *physician*. The patient and his or her *physician* determine the course of treatment. The assistance provided through these *services* does not constitute the practice of medicine. Payment of *Plan* benefits is not determined through these processes.

The *Plan Manager* does not reward doctors and other individuals for denying coverage or withholding *services*. Financial incentives are never offered. In fact, utilization management actually helps the *Plan Manager* make sure you get the preventive care and *medically necessary services* you need. You may request a review of the *medical necessity* and appropriateness of *hospital* resources and medical *services* given or proposed to be given to you for purposes of determining the availability of payment, referred to as a utilization review.

Additionally, you may request an internal appeal of the coverage decision within sixty (60) days of receiving notice of the decision if the decision involves a denial, reduction or termination of a benefit or the denial of payment for a *service*. Just call Customer Service at the number on your identification card to find out how.

Finally, you may also request an external review to be conducted by a certified independent review entity at the cost of the *Plan* if you have completed the internal appeal process and meet other conditions.

PRECERTIFICATION

Utilization review includes *precertification* and *concurrent review*.

This provision will not provide benefits to cover a *confinement* or *service* which is not *medically necessary* or otherwise would not be covered under the *Plan*. *Precertification* is not a guarantee of coverage.

If you or your covered *dependent* are to receive a *service* which requires *precertification*, your *qualified practitioner* must contact the *Plan Manager* by telephone or in writing. Refer to the Schedule of Benefits for time requirements.

After your *qualified practitioner* has provided the *Plan Manager* with your diagnosis and treatment plan, the *Plan Manager* will:

- 1 Advise you in writing if the proposed treatment plan is *medically necessary*;
2. Advise you in writing the number of days the *confinement* is initially *precertified*; and
3. Conduct *concurrent review* as necessary.

If your *qualified practitioner* extends your *confinement* beyond the number of days initially *precertified*, the extension must be *precertified* through *concurrent review*.

If it is determined at any time your proposed treatment plan, either partially or totally, is not a *covered expense* under the terms and provisions of the *Plan*, benefits for *services* may be reduced or *services* may not be covered.

Utilization/Case Management Continued

PENALTY FOR NOT OBTAINING PRECERTIFICATION

If *your qualified practitioner* does not obtain *precertification* for *services* being rendered, *your* benefits for *hospital* or *qualified treatment facility* may be reduced. Refer to the Schedule of Benefits for the applicable penalty.

47. *Services*, supplies, and other care related to suction-assisted lipectomy or diastasis recti repair, including instances when diastasis recti is associated with an umbilical or ventral hernia;
48. *Services*, supplies, or other care to the extent that Medicare is the primary payer. The Plan will coordinate the payment of benefits under this *plan* with Medicare, as permitted by Kentucky and Federal law;
49. *Services* or supplies for *mental health conditions* unless performed by a *physician* or other *provider* who is licensed or certified by the Commonwealth of Kentucky (or a corresponding licensing or certifying authority when the service is provided outside of the Commonwealth). *Services* for *mental health conditions* when provided for purposes of medical, educational, or occupational training. Psychological testing beyond that necessary to establish a diagnosis or beyond that approved by the subcontractor;
50. *Services*, supplies, or other care not meeting a *Plan's plan delivery system rules*;
51. Drugs that can be purchased without a written prescription. Amino acid modified preparations and low-protein modified food products for the treatment of lactose intolerance, protein intolerance, food allergy, food insensitivity, except as provided through the Pharmacy Benefit Manager's Summary Plan Description;
52. Travel or transportation expenses (except *ambulance*), even though prescribed by a physician. Air ambulance is excluded, unless emergency medical *services*, the attending physician, or the Plan determines an air *ambulance* is the only medically appropriate means of transportation to the nearest appropriate facility;
53. Work-related health conditions if the *covered person* is eligible for workers' compensation insurance and the condition is determined to be work-related and benefits are payable under workers' compensation insurance.

ELIGIBILITY AND EFFECTIVE DATE OF COVERAGE

OPEN ENROLLMENT

Once annually *you* will have a choice of enrolling *yourself* and *your* eligible *dependents* in this Plan. *You* will be notified in advance when the open enrollment period is to begin and how long it will last. If *you* decline coverage for *yourself* or *your dependents* at the time *you* are initially eligible for coverage, *you* will be able to enroll *yourself* and/or *your* eligible *dependents* during the open enrollment period. *Your* coverage may be subject to the *pre-existing condition* limitation.

EMPLOYEE ELIGIBILITY

You are eligible for coverage if the following conditions are met:

1. *You* are an *employee* or *retiree* who meets the eligibility requirements of the *employer*; and
2. *You* participate in a state-sponsored retirement system; or
3. *You* are a School Board Member as defined in KRS 18A.225.

Your eligibility date is as determined by the *employer*.

EMPLOYEE EFFECTIVE DATE OF COVERAGE

You must enroll on forms acceptable to the Plan Sponsor.

1. If *your* completed enrollment forms are signed by *you* within 30 days after *your* hire date, *your* coverage is effective on the 1st day of the 2nd month following *your* hire date. *Your* coverage may be effective at a later date as determined by the *employer*.
2. If *your* completed enrollment forms are signed by *you* more than 30 days after *your* hire date, *you* are a *late applicant* and *you* will not be eligible for coverage under this Plan until the next annual open enrollment period or until *you* experience a permitted *qualifying event*. *Your* coverage is effective as determined by the *employer*.
3. *You* may have a waiting period longer than the 1st day of the 2nd month following *your* hire date. Contact *your* agency's health Insurance Coordinator for details. However, regardless of *your* employer's regulations regarding effective dates of coverage, *your* enrollment forms must be signed at least 30 days prior to the coverage effective date.

Eligibility and Effective Date of Coverage Continued

DEPENDENT ELIGIBILITY

Dependent eligibility requirements are outlined in the Definitions section of this document.

Adding a *dependent* to the Plan who does not meet the KEHP eligibility rules may be considered insurance fraud.

A *dependent* will be effective as outlined in the Dependent Effective Date of Coverage section.

Each *dependent* is eligible for coverage on:

1. The date the *employee* is eligible for coverage, if he or she has *dependents* who may be covered on that date; or
2. The date of birth of the *employee's* natural-born child; or
3. The date a child is placed for adoption under the *employee's* legal guardianship, or the date which the *employee* incurs a legal obligation for total or partial support in anticipation of adoption; or
4. The date a covered *employee's* child is determined to be eligible as an alternate recipient under the terms of a medical child support order.

The covered *employee* may cover *dependents* only if the *employee* is also covered. Check with your *employer* immediately on how to enroll for *dependent* coverage. Late enrollment will result in denial of *dependent* coverage until the next annual open enrollment period.

In any event, no person may be simultaneously covered as both an *employee* and a *dependent*. If both parents are eligible for coverage, the *dependent* may only enroll under one *Plan*.

The Department for Employee Insurance reserves the right to request supporting documentation to verify the eligibility of any dependent enrolled or requesting to be enrolled in the Plan.

DEPENDENT EFFECTIVE DATE OF COVERAGE

If the *employee* wishes to add to the *Plan* a newborn *dependent*, a newly adopted *dependent*, or a newly placed for adoption *dependent*, an enrollment form must be completed and submitted to the Plan Sponsor.

The newborn *dependent's*, the newly adopted *dependent's*, or the newly placed for adoption *dependent's* effective date of coverage is determined as follows:

1. If the completed enrollment forms are signed by *you* within 60 days after the newborn *dependent's*, the newly adopted *dependent's*, or the newly placed for adoption *dependent's* eligibility date, that newborn *dependent*, the newly adopted *dependent*, or the newly placed for adoption *dependent* is covered on the date he or she is eligible.

Eligibility and Effective Date of Coverage Continued

2. If the completed enrollment forms are signed by *you* more than 60 days after the newborn *dependent's*, the newly adopted *dependent's*, or the newly placed for adoption *dependent's* eligibility date, the newborn *dependent*, the newly adopted *dependent*, or the newly placed for adoption *dependent* is a *late applicant*. The newborn *dependent*, the newly adopted *dependent*, or the newly placed for adoption *dependent* will not be eligible for coverage under this Plan until the next annual open enrollment period.

Newborn *dependents* will be covered for an initial period of 31 days from the date of birth. Coverage for newborns will continue beyond 31 days only if the *employee* completes and submits a signed enrollment form within the timeframe outlined above.

If the *employee* wishes to add to the *Plan* other *dependents*, in addition to the newborn, the newly adopted *dependent*, or the newly placed for adoption *dependent*, an enrollment form must be completed and submitted to the Plan Sponsor.

The *dependent's* effective date of coverage is determined as follows:

1. If the completed enrollment forms are signed by *you* within 30 days after the newborn *dependent's*, the newly adopted *dependent's*, or the newly placed for adoption *dependent's* eligibility date, that newborn *dependent* and other *dependents* are covered on the date he or she is eligible.
2. If the completed enrollment forms are signed by *you* more than 30 days after the newborn *dependent's* eligibility date, the newborn *dependent* and other *dependents* are a *late applicant*. The newborn *dependent* and the *dependent* (other than a newborn) will not be eligible for coverage under this Plan until the next annual open enrollment period.

If the *employee* wishes to add other *dependent* to the *Plan*, due to experiencing a qualifying event (other than birth, adoption, or placement for adoption), the *dependent's effective date* of coverage is determined as follows:

1. If the completed enrollment forms are signed by *you* within 30 days after the qualifying event that *dependent* is covered on the coverage effective date as set forth in the qualifying event chart in Exhibit A at the end of this document.
2. If the completed enrollment forms are signed by *you* more than 30 days after the *dependent's* eligibility date, the *dependent* is a *late applicant*. The *dependent* will not be eligible for coverage under this Plan until the next annual open enrollment period. The *dependent* is covered as determined by the *employer*.

No *dependent's effective date* will be prior to the covered *employee's effective date* of coverage. If *your dependent* child becomes an eligible *employee* of the *employer* or becomes an employee of another employer, he or she may no longer be eligible as *your dependent* under this Plan. Please refer to the Definitions section for *dependent* requirements.

Eligibility and Effective Date of Coverage Continued

FAMILY CROSS-REFERENCE PAYMENT OPTION

To be eligible to elect the cross-reference payment option, each of the following requirements must be met:

- the *members* must be legally married (husband and wife);
- the *members* must be eligible *employees* or *retirees** of a group participating in the *Kentucky Employees Health Plan*;
- the *members* must elect the same coverage; and
- both *members* must sign the appropriate documentation during the enrollment process and file with their agency's Insurance Coordinators. If during open enrollment *you* enroll online, *you* will be required to enter both *members'* passwords via the web.

Failure to meet any one of the above requirements means that *you* are not eligible for the cross-reference payment option.

* *Members* of the Judicial and Legislators Retirement Plans are not eligible to elect the cross-reference payment option.

TERMINATING EMPLOYMENT WITH THE CROSS-REFERENCE PAYMENT OPTION

Employees will not be eligible to continue the cross-reference payment option if one spouse terminates employment. The cross-reference payment option will terminate automatically and the remaining *employee* will be responsible for the payment of the family contribution. Although, the terminating *employee* is no longer eligible to receive an *employer* contribution, they are covered by a family plan and will not experience a loss of coverage.

MEDICAL CHILD SUPPORT ORDERS

An individual who is a child of a covered *employee* shall be enrolled for coverage under the Plan in accordance with the direction of a Qualified Medical Child Support Order (QMCSO) or a National Medical Support Notice (NMSN).

A QMCSO is a state court order or judgment, including approval of a settlement agreement that: (a) provides for support of a covered *employee's* child; (b) provides for health care coverage for that child; (c) is made under state domestic relations law (including a community property law); (d) relates to benefits under the Plan; and (e) is "qualified" in that it meets the technical requirements of applicable state law. QMCSO also means a state court order or judgment that enforces a state Medicaid law regarding medical child support required by Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993).

An NMSN is a notice issued by an appropriate agency of a state or local government that is similar to a QMCSO that requires coverage under the Plan for the *dependent* child of a non-custodial parent who is (or will become) a *covered person* by a domestic relations order that provides for health care coverage.

Procedures for determining the qualified status of medical child support orders are available at no cost upon request from the Plan Administrator.

Eligibility and Effective Date of Coverage Continued

PRE-EXISTING CONDITION LIMITATION

Benefits for *pre-existing conditions* are limited under the Plan. *Pre-existing condition* is defined in the Definitions section of this booklet.

Once *you* or *your dependents* obtain health plan coverage, *you* are entitled to use evidence of that coverage to reduce or eliminate any *pre-existing condition* limitation period that might otherwise be imposed when *you* become covered under a subsequent health plan. Evidence may include a *certificate of prior creditable coverage*. The length of any *pre-existing condition* limitation period under the subsequent health plan must be reduced by the number of days of *creditable coverage*.

Prior to imposing a *pre-existing condition* limitation, the *Plan Manager* will:

1. Notify *you* in writing of the existence and terms of any *pre-existing condition* limitation;
2. Notify *you* of *your* right to request a *certificate of creditable coverage* from any applicable prior plans;
3. Notify *you* of *your* right to submit evidence of *creditable coverage* to the *Plan Manager* to reduce the length of any *pre-existing condition* limitation; and
4. Offer to request a *certificate of prior creditable coverage* on *your* behalf.

If, after receiving evidence of *creditable coverage*, the *Plan Manager* determines the *creditable coverage* is not sufficient to completely offset the Plan's *pre-existing condition* limitation period, the *Plan Manager* will:

1. Notify *you* in writing of its determination;
2. Notify *you* of the source and substance of any information on which it relied; and
3. Provide an explanation of appeal procedures and allow a reasonable opportunity to submit additional evidence of *creditable coverage*.

The *Plan Manager* may modify an initial determination of *creditable coverage* if it determines the individual did not have the claimed *creditable coverage*, provided the *Plan Manager*:

1. Notifies *you* of such reconsideration in writing disclosing its determination;
2. Notifies *you* with the source and substance of any information on which it relied; and
3. Provides an explanation of appeal procedures and allows a reasonable opportunity to submit additional evidence of *creditable coverage*.

Alternate means of providing evidence of *creditable coverage* may include an explanation of benefits, correspondence from a plan, pay stubs showing a payroll deduction of *premium* for health plan coverage, third party statements verifying period(s) of coverage, information obtained by telephone, and any other relevant document providing evidence of period(s) of health coverage.

Eligibility and Effective Date of Coverage Continued

The *pre-existing condition* limitation does not apply to:

1. pregnancy;
2. genetic information in the absence of diagnosis;
3. domestic violence; or
4. newborn children, or children adopted before the age of 18, if they are enrolled under the Plan within 60 days of the date of birth, the date the child is legally adopted, or the date the child is legally placed for adoption (or 30 days, if other *dependents* are also being enrolled).

SPECIAL PROVISIONS FOR NOT BEING IN ACTIVE STATUS

If *your employer* continues to pay required contributions and does not terminate the Plan, *your coverage* will remain in force for:

1. No longer than the end of the next month following the part-time status begin date; or
2. No longer than the end of the next month following the approved leave of absence begin date; or
3. No longer than the end of the next month following the layoff begin date; or
4. No longer than the end of the month in which a *covered person* is activated during an approved military leave of absence; or
5. No longer than the end of the next month following the approved medical leave of absence (other than FMLA) begin date; or
6. No longer than the end of the next month following the period of *total disability* begin date.

REINSTATEMENT OF COVERAGE FOLLOWING INACTIVE STATUS

If *your coverage* under the Plan was terminated after a period of layoff, *total disability*, or during part-time status, and *you* are now returning to work, *your coverage* is effective the first day of the second month *you* return to work. Both the eligibility period requirement and the *pre-existing condition* limitation will be waived with respect to the reinstatement of *your coverage*. If there is a 63-day lapse in coverage, *pre-existing condition* limitation will be applied.

If *your coverage* under the Plan was terminated after a period of an approved leave of absence without pay, and *you* are now returning to work, *your coverage* is effective the first day of the next month *you* return to work. The eligibility period requirement will be waived and the *pre-existing condition* limitation will be applied with respect to the reinstatement of *your coverage*.

Eligibility and Effective Date of Coverage Continued

If *your* coverage under the Plan was terminated after a period of an approved military leave of absence (other than USERRA), and *you* are now returning to work, *your* coverage is effective immediately on the day *you* return to work, unless the *employee* waits until Tricare terminates. The eligibility Period requirement will be waived and the *pre-existing condition* limitation will be applied with respect to the reinstatement of *your* coverage.

If *your* coverage under the Plan was terminated due to a period of service in the uniformed services covered under the Uniformed Services Employment and Reemployment Rights Act of 1994, *your* coverage is effective immediately on the day *you* return to work. Eligibility *waiting periods* and *pre-existing condition* limitations will be imposed only to the extent they were applicable prior to the period of service in the uniformed services.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

If *you* are granted a leave of absence (Leave) by the *employer* as required by the Federal Family and Medical Leave Act, *you* may continue to be covered under the Plan for the duration of the Leave under the same conditions as other *employees* who are in *active status* and covered by the Plan. If *you* choose to terminate coverage during the Leave, or if coverage terminates as a result of nonpayment of any required contribution, coverage may be reinstated on the date *you* return to *active status* immediately following the end of the Leave. Charges incurred after the date of reinstatement will be paid as if *you* had been continuously covered.

EXTENDED BENEFITS

If, on the date *your* coverage terminates under the *Plan*, *you* or *your* covered *dependents* are *totally disabled* as a result of a covered *bodily injury* or *sickness*, the *Plan* will continue to provide medical benefits until the earliest of the following:

1. Until coverage for the *total disability* has been obtained under another group policy; or
2. The date *your physician* certifies *you* are no longer *totally disabled*; or
3. The date *you* receive benefits equal to any *maximum benefit* shown on the Schedule of Benefits; or
4. The end of twelve consecutive months immediately following the date of *your* termination of coverage. This period of time is measured from the date *your* coverage is terminated under the *Plan*, to the same calendar day of the next succeeding months.

The Extended Benefits provision applies only to *covered expenses* for the disabling condition which existed on the date *your* coverage terminated. The *Plan* must remain in effect.

RETIREE COVERAGE

If *you* are a *retiree* who is under age 65 or is age 65 or older and non-*Medicare* eligible, *you* may enroll or continue coverage under the Plan for *you* and any of *your* eligible *dependents*. Please see *your* retirement system for more details.

Eligibility and Effective Date of Coverage Continued

SURVIVORSHIP COVERAGE

If the *employee* dies while *dependent* coverage is in force, the surviving *dependent spouse* and *dependent* children may continue to be covered through the COBRA provision. Coverage may continue as long as the *premium* is paid, until the earliest of the following:

1. for the surviving *dependent spouse*, attaining age 65 and Medicare eligible;
2. for a *dependent* child, the date a limiting age is attained;
3. for any *dependent*, the date eligible for other group insurance;
4. the date this policy terminates or the date the *employer* terminates participation under this Plan.

SPECIAL ENROLLMENT

If *you* previously declined coverage under this Plan for *yourself* or any eligible *dependents*, due to the existence of other health coverage (including COBRA), and that coverage is now lost or exhausted, this Plan permits *you*, *your dependent spouse*, and any eligible *dependents* to be enrolled for medical benefits under this Plan due to any of the following *qualifying events*:

1. Loss of coverage due to any of the following:
 - a. Legal separation or annulment;
 - b. Divorce;
 - c. Cessation of *dependent* status (such as attaining the limiting age);
 - d. Death;
 - e. Termination of employment;
 - f. Reduction in the number of hours of employment;
 - g. Any loss of coverage after a period that is measured by reference to any of the foregoing.
 - h. Meeting or exceeding a lifetime limit on all benefits;
 - i. Plan no longer offering benefits to a class of similarly situated individuals, which includes the *employee*.

However, loss of coverage does not include a loss due to failure of the individual or the participant to pay *premiums* on a timely basis or termination of coverage for cause (such as making a fraudulent *claim* or an intentional misrepresentation of a material fact in connection with the plan).

2. *Employer* contributions towards the other coverage have been terminated. *Employer* contributions include contributions by any current or former *employer* (of the individual or another person) that was contributing to coverage for the individual.
3. COBRA coverage under the other plan has since been exhausted.

Eligibility and Effective Date of Coverage Continued

If *you* are a covered *employee* or an otherwise eligible *employee*, who either did not enroll or did not enroll *dependents* when eligible, *you* now have the opportunity to enroll *yourself* and/or any previously eligible *dependents* or any newly acquired *dependents* when due to any of the following family status changes:

1. Marriage;
2. Birth; or
3. Adoption or placement for adoption.

You may elect coverage under this Plan provided enrollment is within 30 days from the *qualifying event* or as listed in the Dependent Effective Date of Coverage section. *You* may be required to provide proof that the *qualifying event* has occurred due to one of the reasons listed before coverage under this Plan will be effective. Coverage under this Plan will be effective the 1st day of the month following the signature date of the enrollment form, unless otherwise specified in this section.

In the case of a *dependent's* birth, enrollment is effective on the date of such birth provided the appropriate paperwork is received.

In the case of a *dependent's* adoption or placement for adoption, enrollment is effective on the date of such adoption or placement for adoption, provided the appropriate paperwork is received.

If *you* become eligible for coverage under this Plan through the special enrollment provision, benefits under the Plan will be subject to the *pre-existing condition* limitation as defined within the Definitions section of this booklet.

If *you* apply more than 30 days after a *qualifying event* or as listed in the Dependent Effective Date of Coverage section, *you* are considered a *late applicant* and will not be eligible for coverage under this Plan until the next annual open enrollment period.

Please refer to Exhibit A at the end of this document or see *your employer* for a complete list of permitted family status changes (also referred to as Qualifying Events).

COVERAGE TERMINATION DUE TO PLAN CHANGE

If an *employee* or *dependent* changes Insurance Carriers during open enrollment, the existing coverage with the prior Insurance Carrier will terminate on December 31, except for the following:

1. If a covered *member* is hospitalized when coverage would normally terminate, the prior Insurance Carrier that covered the *member's* hospitalization during the previous plan year would continue coverage until the *member* is released from the *hospital* or transferred to another facility. At the time the *member* is released from the *hospital* or transferred to a new facility, the succeeding Insurance Carrier will assume responsibility for that *member*. It is the *member's* responsibility to ensure that a transfer or re-hospitalization is to a participating facility in compliance with all Plan delivery rules.

Eligibility and Effective Date of Coverage Continued

2. If a *member* has family coverage and a covered *dependent* is hospitalized when coverage would normally terminate due to a change in Insurance Carriers, the hospitalized family member would continue his/her prior coverage until discharge from the *hospital* or transfer to another facility. All other covered *dependents* not hospitalized at the date the new coverage begins would be transferred to the new Plan on the date the new coverage starts (not on the date the hospitalized *dependent* is released or transferred).
3. If a covered *member* is not at work and/or is on unofficial leave without pay or otherwise continuing to pay for his/her own health insurance premiums on the group coverage, that participant will begin coverage with his/her succeeding Insurance Carrier on January 1, even though he/she is not at work.

These provisions take precedence over all Extension of Benefits clauses and Actively at Work clauses contained in any of the Insurance Carrier's standard commercial contracts in compliance with KRS 304.18-126 and KRS 304.18-127.

Entitlement to Medicare: if an *employee, spouse, or dependent* who is enrolled in the Plan becomes entitled to coverage (i.e., becomes enrolled) under Part A or Part B of *Medicare*, other than coverage consisting solely of benefits under section 1928 of Social Security Act, the *employee* may make a prospective election change to cancel coverage of that *employee, spouse, or dependent*, under the Plan. In addition, if an *employee, spouse or dependent* who has been entitled to coverage under *Medicare* loses eligibility for such coverage, the *employee* may make a prospective election to commence coverage of that *employee, spouse, or dependent* under the Plan.

Coverage may be elected under this Plan provided enrollment is within 30 days from the entitlement of *Medicare*.

TERMINATION OF COVERAGE

Coverage terminates on the earliest of the following:

1. The date the Plan terminates;
2. The end of the period for which any required contribution was due and not paid;
3. The date *you* enter full-time military, naval or air service, except coverage may continue during an approved military leave of absence as indicated in the Special Provisions For Not Being in Active Status provision;
4. The end of the month in which *you* fail to be in an eligible class of persons according to the eligibility requirements of the *employer*;
5. For all *employees*, coverage will terminate on the last day of the second month following the date in which *your* employment terminates;
6. For any benefit, the date the benefit is removed from the Plan;
7. For *your dependents*, the date *your* coverage terminates;
8. For a *dependent*, the date the *dependent* enters full-time military, naval or air service;
9. For a *dependent*, the end of the calendar month such *covered person* no longer meets the definition of *dependent*; or
10. The date *you* request termination of coverage to be effective for yourself and/or *your dependents* based on valid qualifying event guidelines.

IF *YOU* OR ANY OF *YOUR COVERED DEPENDENTS* NO LONGER MEET THE ELIGIBILITY REQUIREMENTS, *YOU AND YOUR EMPLOYER* ARE RESPONSIBLE FOR NOTIFYING THE *PLAN MANAGER* OF THE CHANGE IN STATUS. COVERAGE WILL NOT CONTINUE BEYOND THE END OF THE MONTH IN WHICH ELIGIBILITY ENDS EVEN IF NOTICE HAS NOT BEEN GIVEN TO THE *PLAN MANAGER*.

TERMINATION OF HRA

Coverage for a Participant and/or Eligible Dependent ends on the same date that coverage under the Commonwealth Select Plan ends. However, *you, your covered spouse, and/or your covered child(ren)* may be eligible to continue coverage under this HRA in accordance with federal law beyond the date that coverage would otherwise end if coverage is lost for certain reasons. *Your* continuation of coverage rights and responsibilities are described in the below Continuation of Coverage section. All HRA dollars that are not applied towards Eligible Medical Expenses incurred before *your* termination date of this *SPD* are forfeited.

IMPORTANT NOTICE FOR EMPLOYEES AND SPOUSES AGE 65 AND OVER

Federal law may affect *your* coverage under this Plan. The *Medicare* as Secondary Payer rules were enacted by an amendment to the Social Security Act. Also, additional rules which specifically affect how a large group health plan provides coverage to employees (or their *spouses*) over age 65 were added to the Social Security Act and to the Internal Revenue Code.

Generally, the health care plan of an employer that has at least 20 employees must operate in compliance with these rules in providing plan coverage to plan participants who have "current employment status" and are *Medicare* beneficiaries, age 65 and over.

Persons who have "current employment status" with an employer are generally employees who are actively working and also persons who are NOT actively working as follows:

- Individuals receiving disability benefits from an employer for up to 6 months, or
- Individuals who retain employment rights and have not been terminated by the employer and for whom the employer continues to provide coverage under this Plan. (For example, employees who are on an approved leave of absence.)

If *you* are a person having "current employment status" who is age 65 and over (or the *dependent spouse* age 65 and over of an *employee* of any age), *your* coverage under this Plan will be provided on the same terms and conditions as are applicable to *employees* (or *dependent spouses*) who are under the age of 65. *Your* rights under this Plan do not change because *you* (or *your dependent spouse*) are eligible for *Medicare* coverage on the basis of age, as long as *you* have "current employment status" with *your employer*.

You have the option to reject plan coverage offered by *your employer*, as does any eligible *employee*. If *you* reject coverage under *your employer's* Plan, coverage is terminated and *your employer* is not permitted to offer *you* coverage that supplements *Medicare covered services*.

If *you* (or *your dependent spouse*) obtain *Medicare* coverage on the basis of age, and not due to disability or end-stage renal disease, this Plan will consider its coverage to be primary to *Medicare* when *you* have elected coverage under this Plan and have "current employment status".

If *you* have any questions about how coverage under this Plan relates to *Medicare* coverage, please contact *your Medicare* office.

CONTINUATION OF MEDICAL BENEFITS

THE CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT OF 1986 (COBRA)

CONTINUATION OF BENEFITS

On April 7, 1986, the Consolidated Omnibus Budget Reconciliation Act (COBRA) was signed into law. This federal law applies to employers with 20 or more employees. The law requires that employers offer employees and/or their *dependents* continuation of medical coverage at group rates in certain instances where there is a loss of group insurance coverage.

ELIGIBILITY

A qualified *beneficiary* under COBRA law means an *employee*, *employee's spouse* or *dependent* child covered by the Plan on the day before a *qualifying event*. A qualified *beneficiary* under COBRA law also includes a child born to the *employee* during the coverage period or a child placed for adoption with the *employee* during the coverage period.

EMPLOYEE: An *employee* covered by the *employer's* Plan has the right to elect continuation coverage if coverage is lost due to one of the following *qualifying events*:

- Termination (for reasons other than gross misconduct) of the *employee's* employment or reduction in the hours of *employee's* employment; or
- Termination of *retiree* coverage when the former *employer* discontinues *retiree* coverage within one year before or one year after filing for Chapter 11 bankruptcy.

SPOUSE: A *spouse* covered by the *employer's* Plan has the right to elect continuation coverage if the group coverage is lost due to one of the following *qualifying events*:

- The death of the *employee*;
- Termination of the *employee's* employment (for reasons other than gross misconduct) or reduction of the *employee's* hours of employment with the *employer*;
- Divorce or legal separation from the *employee*;
- The *employee* becomes entitled to *Medicare* benefits; or
- Termination of a *retiree spouse's* coverage when the former *employer* discontinues *retiree* coverage within one year before or one year after filing for Chapter 11 bankruptcy.

DEPENDENT CHILD: A *dependent* child covered by the *employer's* Plan has the right to continuation coverage if group coverage is lost due to one of the following *qualifying events*:

- The death of the *employee-parent*;
- The termination of the *employee-parent's* employment (for reasons other than gross misconduct) or reduction in the *employee-parent's* hours of employment with the *employer*;
- The *employee-parent's* divorce or legal separation;
- Ceasing to be a "*dependent child*" under the Plan;
- The *employee-parent* becomes entitled to *Medicare* benefits; or
- Termination of the *retiree-parent's* coverage when the former *employer* discontinues *retiree* coverage within one year before or one year after filing for Chapter 11 bankruptcy.

COBRA Continued

LOSS OF COVERAGE

Coverage is lost in connection with the foregoing qualified events, when a covered *employee, spouse or dependent* child ceases to be covered under the same Plan terms and conditions as in effect immediately before the *qualifying event* (such as an increase in the *premium* or contribution that must be paid for *employee, spouse or dependent* child coverage).

If coverage is reduced or eliminated in anticipation of an event (for example, an *employer* eliminating an *employee's* coverage in anticipation of the termination of the *employee's* employment, or an *employee* eliminating the coverage of the *employee's spouse* in anticipation of a divorce or legal separation), the reduction or elimination is disregarded in determining whether the event causes a loss of coverage.

A loss of coverage need not occur immediately after the event, so long as it occurs before the end of the Maximum Coverage Period.

NOTICES AND ELECTION

The Plan provides that coverage terminates, for a *spouse* due to legal separation or divorce or for a child when that child loses *dependent* status. Under the law, the *employee* or qualified *beneficiary* has the responsibility to inform the Plan Administrator (see Plan Description Information) if one of the above events has occurred. The qualified *beneficiary* must give this notice within 60 days after the event occurs. (For example, an *ex-spouse* should make sure that the Plan Administrator is notified of his or her divorce, whether or not his or her coverage was reduced or eliminated in anticipation of the event). When the Plan Administrator is notified that one of these events has happened, it is the Plan Administrator's responsibility to notify the *Plan Manager* who has contracted with a *COBRA Service Provider* who will in turn notify the qualified *beneficiary* of the right to elect continuation coverage.

For a qualified *beneficiary* who is determined under the Social Security Act to be disabled at any time during the first 60 days of COBRA coverage, the continuation coverage period may be extended 11 additional months. The disability that extends the 18-month coverage period must be determined under Title II (Old Age, Survivors, and Disability Insurance) or Title XVI (Supplemental Security Income) of the Social Security Act. To be entitled to the extended coverage period, the disabled qualified *beneficiary* must provide notice to the *COBRA Service Provider* within the initial 18 month coverage period and within 60 days after the date of the determination of disability under the Social Security Act. Failure to provide this notice will result in the loss of the right to extend the COBRA continuation period.

For termination of employment, reduction in work hours, the death of the *employee*, the *employee* becoming covered by *Medicare* or loss of *retiree* benefits due to bankruptcy, it is the Plan Administrator's responsibility to notify the *Plan Manager* who has contracted with a *COBRA Service Provider* who will in turn notify the qualified *beneficiary* of the right to elect continuation coverage.

Under the law, continuation coverage must be elected within 60 days after Plan coverage ends, or if later, 60 days after the date of the notice of the right to elect continuation coverage. If continuation coverage is not elected within the 60 day period, the right to elect coverage under the Plan will end.

A covered *employee* or the *spouse* of the covered *employee* may elect continuation coverage for all covered *dependents*, even if the covered *employee* or *spouse* of the covered *employee* or all covered *dependents* are covered under another group health plan (as an *employee* or otherwise) prior to the election. The covered *employee*, his or her *spouse* and *dependent* child, however, each have an independent right to elect continuation coverage. Thus a *spouse* or *dependent* child may elect continuation coverage even if the covered *employee* does not elect it.

COBRA Continued

Coverage will not be provided during the election period. However, if the individual makes a timely election, coverage will be provided from the date that coverage would otherwise have been lost. If coverage is waived before the end of the 60 day election period and the waiver revoked before the end of the 60 day election period, coverage will be effective on the date the election of coverage is sent to the *COBRA Service Provider*.

On August 6, 2002, The Trade Act of 2002 (TAA) was signed in to law. Workers whose employment is adversely affected by international trade (increased import or shift in production to another country) may become eligible to receive TAA. TAA provides a second 60-day COBRA election period for those who become eligible for assistance under TAA. Pursuant to the Trade Act of 1974, an individual who is either an eligible TAA recipient or an eligible alternative TAA recipient and who did not elect continuation coverage during the 60-day COBRA election period that was a direct consequence of the TAA-related loss of coverage, may elect continuation coverage during a 60-day period that begins on the first day of the month in which he or she is determined to be TAA-eligible individual, provided such election is made not later than 6 months after the date of the TAA-related loss of coverage. Any continuation coverage elected during the second election period will begin with the first day of the second election period and not on the date on which coverage originally lapsed.

TAA created a new tax credit for certain individuals who became eligible for trade adjustment assistance (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of *premiums* paid for qualified health insurance, including continuation coverage. If *you* have questions about these new tax provisions, *you* may call the Health Care Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282.

The Plan Administrator shall require documentation evidencing eligibility of TAA benefits. The Plan need not require every available document to establish evidence of TAA. The burden for evidencing TAA eligibility is that of the individual applying for coverage under the Plan.

MAXIMUM COVERAGE PERIOD

Coverage may continue up to:

- 18 months for an *employee* and/or *dependent* whose group coverage ended due to termination of the *employee's* employment or reduction in hours of employment;
- 36 months for a *spouse* whose coverage ended due to the death of the *employee* or *retiree*, divorce, or the *employee* becoming entitled to *Medicare* at the time of the initial *qualifying event*;
- 36 months for a *dependent* child whose coverage ended due to the divorce of the *employee* parent, the *employee* becoming entitled to *Medicare* at the time of the initial *qualifying event*, the death of the *employee*, or the child ceasing to be a *dependent* under the Plan;
- For the *retiree*, until the date of death of the *retiree* who is on continuation due to loss of coverage within one year before or one year after the *employer* filed Chapter 11 bankruptcy.

COBRA Continued

DISABILITY

An 11-month extension of coverage may be available if any of the qualified beneficiaries are determined by the Social Security Administration (SSA) to be disabled. The disability has to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. The qualified *beneficiary* must provide notice of such determination prior to the end of the initial 18-month continuation period to be entitled to the additional 11 months of coverage. Each qualified *beneficiary* who has elected continuation coverage will be entitled to the 11-month disability extension if one of them qualifies. If a qualified *beneficiary* is determined by SSA to no longer be disabled, *you* must notify the Plan of that fact within 30 days after SSA's determination.

SECOND QUALIFYING EVENT

An 18-month extension of coverage will be available to *spouses* and *dependent* children who elect continuation coverage if a second *qualifying event* occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second *qualifying event* occurs is 36 months. Such second *qualifying event* may include the death of a covered *employee*, divorce or separation from the covered *employee*, the covered *employee's* becoming entitled to *Medicare* benefits (under Part A, Part B, or both), or a *dependent* child's ceasing to be eligible for coverage as a *dependent* under the Plan. These events can be a second *qualifying event* only if they would have caused the qualified *beneficiary* to lose coverage under the Plan if the first *qualifying event* had not occurred. *You* must notify the Plan within 60 days after the second *qualifying event* occurs if *you* want to extend *your* continuation coverage.

TERMINATION BEFORE THE END OF MAXIMUM COVERAGE PERIOD

Continuation coverage will terminate before the end of the maximum coverage period for any of the following reasons:

- The *employer* no longer provides group health coverage to any of its *employees*;
- The *premium* for continuation is not paid timely;
- The individual on continuation becomes covered under another group health plan (as an *employee* or otherwise); however, if the new plan coverage contains any exclusion or limitation with respect to any *pre-existing condition*, then continuation coverage will end for this reason only after the exclusion or limitation no longer applies or prior *creditable coverage* satisfies the exclusion or limitation;

NOTE: the federal Health Insurance Portability and Accountability Act of 1996 requires portability of health care coverage effective for plan years beginning after June 30, 1997, an exclusion or limitation under the other group health plan may not apply at all to the qualified *beneficiary*, depending on the length of his or her prior *creditable coverage*. Portability means once *you* obtain health insurance, *you* will be able to use evidence of that insurance to reduce or eliminate any pre-existing medical condition limitation period (under certain circumstances) when *you* move from one health plan to another.

COBRA Continued

- The individual on continuation becomes entitled to *Medicare* benefits;
- If there is a final determination under Title II or XVI of the Social Security Act that an individual is no longer disabled; however, continuation coverage will not end until the month that begins more than 30 days after the determination;
- The occurrence of any event (e.g. submission of a fraudulent *claim*) permitting termination of coverage for cause under the Plan.

TYPE OF COVERAGE; PREMIUM PAYMENT

If continuation coverage is elected, the coverage must be identical to the coverage provided under the *employer's* Plan to similarly situated non-COBRA beneficiaries. This means that if the coverage for similarly situated non-COBRA beneficiaries is modified, coverage for the individual on continuation will be modified.

The initial *premium* payment for continuation coverage is due by the 45th day after coverage is elected. The initial *premium* includes charges back to the date the continuation coverage began. All other *premiums* are due on the first of the month for which the *premium* is paid, subject to a 31 day grace period. The *COBRA Service Provider* must provide the individual with a quote of the total monthly *premium*.

Premium for continuation coverage may be increased, however, the *premium* may not be increased more than once in any determination period. The determination period is a 12 month period which is established by the Plan.

The monthly *premium* payment to the Plan for continuing coverage must be submitted directly to the *COBRA Service Provider*. This monthly *premium* may include the *employee's* share and any portion previously paid by the *employer*. The monthly *premium* must be a reasonable estimate of the cost of providing coverage under the Plan for similarly situated non-COBRA beneficiaries. The *premium* for COBRA continuation coverage may include a 2% administration charge. However, for qualified beneficiaries who are receiving up to 11 months additional coverage (beyond the first 18 months) due to disability extension (and not a second *qualifying event*), the *premium* for COBRA continuation coverage may be up to 150% of the applicable *premium* for the additional months. Qualified beneficiaries who do not take the additional 11 months of special coverage will pay up to 102% of the *premium* cost.

OTHER INFORMATION

Additional information regarding rights and obligations under the Plan and under federal law may be obtained by contacting the *COBRA Service Provider* or the *Plan Manager*.

It is important for the *covered person* or qualified *beneficiary* to keep the Plan Administrator, *COBRA Service Provider* and *Plan Manger* informed of any changes in marital status, or a change of address.

THE UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994 (USERRA)

CONTINUATION OF BENEFITS

Effective October 13, 1994 federal law requires that health plans must offer to continue coverage for *employees* who are absent due to service in the uniformed services and/or their *dependents*. Coverage may continue for up to 18 or 24 months after the date the *employee* is first absent due to uniformed service.

ELIGIBILITY

An *employee* is eligible for continuation under USERRA if absent from employment because of voluntary or involuntary performance of duty in the Armed Forces, Army National Guard, Air National Guard, or the commissioned corps of the Public Health Service, or any other category of persons designated by the President of the United States of America in a time of war or national emergency. Duty includes absence for active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, and for the purpose of an examination to determine fitness for duty.

PREMIUM PAYMENT

If continuation of Plan coverage is elected under USERRA, the *employee* or *dependent* is responsible for payment of the applicable cost of coverage. If the *employee* is absent for less than 31 days, the cost will be the amount the *employee* would otherwise pay for coverage. For absences longer than 30 days, the cost may be up to 102% of the cost of coverage under the Plan. This includes the *employee's* share and any portion previously paid by the *employer*.

DURATION OF COVERAGE

Elected continuation coverage under USERRA will continue until the earlier of:

- 18 months beginning the first day of absence from employment due to service in the uniformed services for elections made prior to 12/10/04; or
- 24 months beginning the first day of absence from employment due to service in the uniformed services for elections beginning on or after 12/10/04; or
- The day after the *employee* fails to apply for or return to employment as required by USERRA, after completion of a period of service.

Under federal law, the period of coverage available under USERRA shall run concurrently with the COBRA period available to an *employee* and/or eligible *dependents*.

OTHER INFORMATION

Employees should contact their *employer* with any questions regarding coverage normally available during a military leave of absence or continuation coverage and notify the *employer* of any changes in marital status, or a change of address.

MEDICAL CONVERSION PRIVILEGE

If *your* medical coverage under the Plan terminates, medical conversion coverage is available without medical examination. The medical conversion coverage will provide lesser benefits than this Plan.

You are eligible to apply for medical conversion if *you* were covered under the Plan for at least 90 days and:

1. *Your* coverage ends because *your* employment terminated;
2. *You* are the covered *dependent* former *spouse* or a covered *dependent* child of an *employee* whose marriage ended due to legal annulment, dissolution or divorce;
3. *You* are the surviving *dependent spouse* or child, in the event of the *employee's* death, or at the end of any survivorship continuation provided in the Plan; or
4. *You* have been a covered *dependent* child but no longer meet the definition of *dependent* under the Plan.

You have 31 days after the date *your* coverage terminates to make conversion application to the *Plan Manager*, and pay the required *premium* for *your* individual or family coverage. The premium must be paid monthly, in advance. *You* may obtain application forms from the *Plan Manager*. The conversion coverage will be effective on the day after *your* group medical coverage ends, provided *you* enroll and pay the first *premium* within 31 days after the date *your* coverage terminates.

LIMITATIONS

This privilege does *not* apply when *your* group medical coverage terminates under the Plan and is replaced with other group medical coverage within 31 days of the termination of *your* coverage under the Plan.

If *you* had any *pre-existing condition* which could have been excluded under the Plan, it will be excluded under the medical conversion coverage. The medical benefits under the conversion coverage in the first year will not exceed the benefit limits which would have been paid under the Plan. The benefits may be reduced by the amount of benefits paid under the Plan after *your* coverage ended.

DUPLICATION OF COVERAGE

Humana Insurance Company (HIC) will not issue individual medical conversion to *you* if HIC determines that *you* have other coverage that would result in overinsurance or duplication of benefits with the medical conversion plan. HIC determines overinsurance according to its standards. Individual medical conversion may not be offered to *you* if *you* are eligible for *Medicare*. Please contact *your employer* or HIC for additional information.

COORDINATION OF BENEFITS

BENEFITS SUBJECT TO THIS PROVISION

Benefits described in this Plan are coordinated with benefits provided by other plans under which *you* are also covered. This is to prevent duplication of coverage and a resulting increase in the cost of medical coverage.

For this purpose, a plan is one which covers medical or dental expenses and provides benefits or *services* by group, franchise or blanket insurance coverage. This includes group-type contracts not available to the general public, obtained and maintained only because of the *covered person's* membership in or connection with a particular organization or group, whether or not designated as franchise, blanket, or in some other fashion. Plan also includes any coverage provided through the following:

1. *Employer*, trustee, union, *employee* benefit, or other association; or
2. Governmental programs, programs mandated by state statute, or sponsored or provided by an educational institution.

This Coordination of Benefits provision does not apply to any individual policies or Blanket Student Accident Insurance provided by or through an educational institution. Allowable expense means any *eligible expense*, a portion of which is covered under one of the plans covering the person for whom *claim* is made. Each plan will determine what is an allowable expense according to the provisions of the respective plan. When a plan provides benefits in the form of *services* rather than cash payments, the reasonable cash value of each *service* rendered will be deemed to be both an allowable expense and a benefit paid.

EFFECT ON BENEFITS

One of the plans involved will pay benefits first. This is called the primary plan. All other plans are called secondary plans.

When this Plan is the secondary plan, the sum of the benefit payable will not exceed 100% of the allowable expenses incurred under the Plan and any other plans included under this provision.

ORDER OF BENEFIT DETERMINATION

In order to pay *claims*, it must be determined which plan is primary and which plan(s) are secondary. A plan will pay benefits first if it meets one of the following conditions:

1. The plan has no coordination of benefits provision;
2. The plan covers the person as an *employee*;
3. For a child who is covered under both parents' plans, the plan covering the parent whose birthday (month and day) occurs first in the *calendar year* pays before the plan covering the other parent. If the birthdates of both parents are the same, the Plan which has covered the person for the longer period of time will be determined the primary plan;

If a plan other than this Plan does not include provision 3, then the birthday rule will be followed to determine which plan is primary.

Coordination of Benefits Continued

4. In the case of *dependent* children covered under the plans of divorced or separated parents, the following rules apply:
 - a. The plan of a parent who has custody will pay the benefits first;
 - b. The plan of a step-parent who has custody will pay benefits next;
 - c. The plan of a parent who does not have custody will pay benefits next;
 - d. The plan of a step-parent who does not have custody will pay benefits next.

There may be a court decree which gives one parent financial responsibility for the medical or dental expenses of the *dependent* children. If there is a court decree, the rules stated above will not apply if they conflict with the court decree. Instead, the plan of the parent with financial responsibility will pay benefits first.

5. If a person is laid off or is retired or is a *dependent* of such person, that plan covers after the plan covering such person as an active *employee* or *dependent* of such *employee*. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule will be ignored.

If the above rules do not apply or cannot be determined, then the plan that covered the person for the longest period of time will pay first.

COORDINATION OF BENEFITS WITH MEDICARE

In all cases, Coordination of Benefits with *Medicare* will conform to Federal Statutes and Regulations. In the case of *Medicare* each individual who is eligible for *Medicare* will be assumed to have full *Medicare* coverage (i.e. Part A hospital insurance and Part B voluntary medical insurance) whether or not the individual has enrolled for full coverage. *Your* benefits under the Plan will be coordinated to the extent benefits would otherwise have been paid under *Medicare* as allowed by Federal Statutes and Regulations.

RIGHT OF RECOVERY

The Plan reserves the right to recover benefit payments made for an allowable expense under the Plan in the amount which exceeds the maximum amount the Plan is required to pay under these provisions. This right of recovery applies to the Plan against:

1. Any person(s) to, for or with respect to whom, such payments were made; or
2. Any other insurance companies, or organizations which according to these provisions, owe benefits due for the same allowable expense under any other plan.

The Plan alone will determine against whom this right of recovery will be exercised.

REIMBURSEMENT/SUBROGATION

RIGHT OF RECOVERY

These provisions apply when Plan benefits are paid as a result of injuries or illnesses *you* sustained and *you* have a right to a recovery or received a recovery.

SUBROGATION

This Plan reserves all rights of subrogation. This means that the Plan has the right to recover its previously paid benefit payments from any award, settlement, or damages that *you* or *your dependent* may receive or to which *you* may become entitled. It also means that the Plan has the right to take action on *your* behalf to obtain an award, settlement, or damages. The Plan shall have the first lien upon all awards, settlements, or damages subject to its subrogation or reimbursement rights listed below. This lien shall be in the amount of benefits provided or the amount of benefits that will be provided under the Plan, plus the reasonable expenses, including attorneys' fees, to enforce the Plan's rights.

The *beneficiary* agrees that by accepting and in return for the payment of *covered expenses* by the Plan in accordance with the terms of this Plan:

1. The Plan has the right to recover payments for benefits paid for by the Plan.
2. The Plan has the right to recover payment for benefits paid by the Plan to or on behalf of *you* or *your dependent* from any award, settlement, or damages that *you* or *your dependent* may become entitled to or receive as a result of an accident, a person's fault or negligence, or any other circumstance under which *you* or *your dependent* has the right to recover from any other party.
3. The Plan may recover its benefit payments for any type of benefit which may be paid by the Plan, such as medical, dental, vision, mental, disability, supplemental accident, or accidental death or dismemberment benefits.
4. An "award, settlement, or damages" includes any award, settlement, damages (whether equitable, legal, compensatory, etc.), compensation, benefits, or any other payment of any kind. The amount may be paid by formal court award, informal compromise, redemption agreement, application for benefits, or otherwise. The amount also may be paid in a lump sum, installment, or annuity payments (such as income replacement). The Plan has the right to recover from all of these amounts.
5. An "award, settlement, or damages" includes amounts of any type, kind, nature, or character, regardless of whether the amount identifies or covers the Plan's benefit payments, otherwise relates to medical benefits, or is specifically limited to certain kinds of damages or payments. In addition, attorneys' fees or any other costs associated with the amount will not reduce the amount of the Plan's reimbursement. This Plan has the first priority to recover from *your* award, settlement, or damages. The Plan's first priority lien also will apply regardless of whether *you* or *your dependent* is or was made whole from the award, settlement, or damages, whether before or after the Plan's subrogation recovery. This Plan precludes the operation of the "make-whole" and "common fund" doctrines.

Reimbursement/Subrogation Continued

6. *Your* “right to recover” from any other party means that *you* or *your dependent* has the right to recover damages or expenses from another party, such as an individual, partnership, corporation, government, or other entity, as well as against that party’s respective insurance carriers or governmental fund, for causing an injury or illness to *you* or *your dependent* or otherwise with respect to any injury or illness incurred by *you* or *your covered dependent*. This right to recover from any other party also includes *your* own insurance carrier, such as *your* automobile insurance, automobile no-fault coverage, homeowners, personal accident, general liability, or life insurance carrier. It also includes a second medical insurance or other non-insured medical or other coverage. It also includes uninsured and underinsured motorist coverage or programs. The Plan has the right to recover from any of these parties, or any other parties, in connection with *your* illness or injury. In the event *you* or *your dependent* is entitled to or receives an award, settlement, or damages from any party (which includes the other party’s or *your* own insurance carrier or coverage), the Plan has the first lien upon the award, settlement, or damages and must be reimbursed for its benefit payments made to *you* or *your dependent*, or on *your* behalf. The Plan’s first lien supersedes any right that the Plan participant may have to be “made whole.” In other words, the Plan is entitled to the right of first reimbursement out of any award, settlement, or damages the Plan participant procures or may be entitled to procure regardless of whether the Plan participant has received compensation for any of his or her damages or expenses, including any of his or her attorneys’ fees or costs. Additionally, the Plan’s right of first reimbursement will not be “set-off” or reduced for any reason, including attorneys’ fees, costs, comparative negligence, limits of collectibility or responsibility, or otherwise. As a condition to receiving benefits under the Plan, the Plan participant agrees that acceptance of benefits is constructive notice of this provision. Reimbursement to the Plan must be made immediately upon entitlement or receipt of any award, settlement, or damages. The Plan will charge interest at a reasonable rate for any delay in reimbursement.

PLAN’S RIGHT TO ASSERT CLAIMS ON YOUR BEHALF

The Plan has the right, if it so chooses, to assert rights on *your* behalf to obtain an award, settlement, or damages. Specifically, through subrogation, the Plan is entitled to all claims, demands, actions, and rights of recovery which *you* or *your dependent* may have against or from any party to the extent of the Plan’s benefit payments. In addition, this Plan is entitled to attorneys’ fees incurred in asserting rights on *your* behalf. The Plan does not require *you* or *your dependent* to pursue a claim against another party. However, as stated above, the Plan reserves the right to directly pursue recovery against another party on *your* behalf, should *you* or *your dependent* elect not to pursue an award, settlement, or damages against or from a party.

MISCELLANEOUS SUBROGATION

You, your dependent, your attorneys, or anyone acting on your behalf legally cannot do anything to prejudice the rights of the Plan in the exercise of its subrogation rights to recover from, or assert *your* rights to obtain, an award, settlement, or damages. The Plan’s subrogation rights also extend to the guardian or estate of *you* and *your dependent*. The Plan’s subrogation provisions will apply without limitation by the Plan’s Coordination of Benefits provisions, unless the Coordination of Benefits provisions would result in a greater recovery for the Plan.

Reimbursement/Subrogation Continued

DUTY TO COOPERATE

As a condition to participating in the Plan and receiving benefits under the Plan, *you* and *your dependent* agree to be bound by all of the Plan's provisions, including, but not limited to, the Plan's subrogation provisions. The Plan will make benefit payments on a claim on the condition that *you* or *your dependent*, upon entitlement or receipt of any award, settlement, or damages, will fully reimburse the Plan for the Plan's benefit payments and for expenses (including attorneys' fees and costs of suit, regardless of an action's outcome) incurred by the Plan in collecting this amount. As a precondition to receiving benefits under the Plan, *you* and *your dependent* must enter into agreement with the Plan to reimburse the Plan for its benefit payments from any award, settlement, or damages pursuant to the Plan's subrogation provisions. In this agreement, *you* also must agree to assign direct payment to the Plan from any award, settlement, or damages to the extent of the Plan's benefit payments. *You* and *your dependent* also otherwise must sign and deliver any and all instruments, papers, and reimbursement agreements required by the Plan necessary for the Plan's reimbursement right. *You* and *your dependent* also are required to do whatever is requested or necessary in order to fully execute and to fully protect all the Plan's rights and to do nothing that would interfere with or diminish those rights. Further, *you* and *your dependent* must notify the Plan in writing of any proposed settlement and obtain the Plan's written consent before signing any release or agreeing to any settlement. In any event, the Plan's benefit payments for any current or historical claims under the Plan on *your* behalf will be deemed to be the equivalent of *you* or *your covered dependent* entering into an agreement to reimburse the Plan and otherwise signing and delivering any instruments and papers as required by the Plan. In the event that *you* or *your dependent* fails to enter into the foregoing agreement, or to otherwise comply with such requests, the Plan is entitled to withhold or deny benefits otherwise due under the Plan until *you* do so.

RETENTION OF AN ATTORNEY

If *you* or *your* attorney receives any recovery (whether by award, settlement, damages, compromise, or otherwise), *you* have an absolute obligation to immediately tender the recovery to the Plan under the terms of this provision. If *you* or *your* attorney does not immediately tender the recovery to the Plan, *you* will be deemed to hold the recovery in constructive trust for the Plan, because *you* or *your* attorney is not the rightful owner of the recovery and should not be in possession of the recovery until the Plan has been fully reimbursed.

PARTICIPANT'S NONCOMPLIANCE

If *you* or *your dependent* do not comply with the provisions of this section, the Plan Administrator shall have the authority, at its sole discretion, to deny payment of any claims for benefits by *you* and to deny or reduce future benefits payable (including payment of future benefits for other injuries or illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, at its sole discretion, deny or reduce future benefits (including future benefits for other injuries or illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement. If the Plan must bring an action against *you* to enforce this provision, then *you* agree to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Reimbursement/Subrogation Continued

RIGHT TO COLLECT NEEDED INFORMATION

You must cooperate with the *Plan Manager* and when asked, assist the *Plan Manager* by:

- Authorizing the release of medical information including the names of all *providers* from whom *you* received medical attention;
- Obtaining medical information and/or records from any *provider* as requested by the *Plan Manager*;
- Providing information regarding the circumstances of *your sickness* or *bodily injury*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits; and
- Providing information the *Plan Manager* requests to administer the Plan.

Failure to provide the necessary information will result in denial of any pending or subsequent *claims*, pertaining to a *bodily injury* or *sickness* for which the information is sought, until the necessary information is satisfactorily provided.

REIMBURSEMENT/SUBROGATION EXCLUSIONS

1. *Sickness* or *bodily injury* for which medical payments/personal injury protection (PIP) coverage exists under any automobile, homeowner, marine, aviation, premise, or any other similar coverage, whether such coverage is in effect on a primary, secondary, or excess basis. This exclusion applies up to the available limit under the other coverage regardless of whether a *claim* is filed with the medical payments/PIP *carrier*. Whether medical payment or expense coverage is payable under another coverage is to be determined as if the coverages under this Plan did not exist;
2. Any *covered expenses* to the extent of any amount received from others for the *bodily injuries* or losses which necessitate such benefits. "Amounts received from others" specifically includes, without limitation, liability insurance, worker's compensation, uninsured motorists, underinsured motorists, "no-fault" and automobile med-pay payments;

GENERAL PROVISIONS

The following provisions are to protect *your* legal rights and the legal rights of the Plan.

CONTESTABILITY

The Plan has the right to contest the validity of *your* coverage under the Plan at any time.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

1. Made in error; or
2. Made to *you* or any party on *your* behalf where the Plan determines the payment to *you* or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against *you* if the Plan has paid *you* or any other party on *your* behalf.

TIME LIMIT ON CERTAIN DEFENSES

A *claim* will not be reduced or denied after two years from the *effective date* of the benefit because a disease or physical condition not excluded and causing the loss existed before the benefit *effective date*.

WORKERS' COMPENSATION NOT AFFECTED

The Plan is not issued in lieu of, nor does it affect any requirement for coverage by any Workers' Compensation or Occupational Disease Act or Law.

WORKERS' COMPENSATION

If benefits are paid by the Plan and the Plan determines *you* received Workers' Compensation for the same incident, the Plan has the right to recover as described under the Reimbursement/Subrogation provision. The Plan will exercise its right to recover against *you* even though:

1. The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
2. No final determination is made that *bodily injury* or *sickness* was sustained in the course of or resulted from *your* employment;
3. The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation *carrier*;
4. The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by the Plan, *you* will notify the *Plan Manager* of any Workers' Compensation *claim* *you* make, and that *you* agree to reimburse the Plan as described above.

General Provisions Continued

MEDICAID

This Plan will not take into account the fact that an *employee* or *dependent* is eligible for medical assistance or Medicaid under state law with respect to enrollment, determining eligibility for benefits, or paying *claims*.

If payment for Medicaid benefits has been made under a state Medicaid plan for which payment would otherwise be due under this Plan, payment of benefits under this Plan will be made in accordance with a state law which provides that the state has acquired the rights with respect to a covered *employee* to the benefits payment.

CONSTRUCTION OF PLAN TERMS

The *Plan Manager* has the sole right to construe and prescribe the meaning, scope and application of each and all of the terms of the Plan, including, without limitation, the benefits provided thereunder, the obligations of the *beneficiary* and the recovery rights of the Plan; such construction and prescription by the *Plan Manager* shall be final and uncontestable.

PRIVACY OF PROTECTED HEALTH INFORMATION

The Plan is required by law to maintain the privacy of *your protected health information* in all forms including written, oral and electronically maintained, stored and transmitted information and to provide individuals with notice of the Plan's legal duties and privacy practices with respect to *protected health information*.

The Plan has policies and procedures specifically designed to protect *your* health information when it is in electronic format. This includes administrative, physical and technical safeguards to ensure that *your* health information cannot be inappropriately accessed while it is stored and transmitted to the *Plan Manager* and others that support the Plan.

In order for the Plan to operate, it may be necessary from time to time for health care professionals, the Plan Administrator, individuals who perform Plan-related functions under the auspices of the Plan Administrator, the *Plan Manager* and other service *providers* that have been engaged to assist the Plan in discharging its obligations with respect to delivery of benefits, to have access to what is referred to as *protected health information*.

A *covered person* will be deemed to have consented to use of *protected health information* about him or her by virtue of enrollment in the Plan. Any individual who may not have intended to provide this consent and who does not so consent must contact the Plan Administrator prior to filing any *claim* for Plan benefits, as coverage under the Plan is contingent upon consent.

Individually identifiable health information will only be used or disclosed for purposes of Plan operation or benefits delivery. In that regard, only the minimum necessary disclosure will be allowed. The Plan Administrator, *Plan Manager*, and other entities given access to *protected health information*, as permitted by applicable law, will safeguard *protected health information* to ensure that the information is not improperly disclosed.

General Provisions Continued

Disclosure of *protected health information* is improper if it is not allowed by law or if it is made for any purpose other than Plan operation or benefits delivery. Disclosure for Plan purposes to persons authorized to receive *protected health information* may be proper, so long as the disclosure is allowed by law and appropriate under the circumstances. Improper disclosure includes disclosure to the *employer* for employment purposes, *employee* representatives, consultants, attorneys, relatives, etc. who have not executed appropriate agreements effective to authorize such disclosure.

The *Plan Manager* will afford access to *protected health information* in its possession only as necessary to discharge its obligations as a service *provider*, within the restrictions noted above. However, Plan records that include *protected health information* are the property of the Plan. Information received by the *Plan Manager* is information received on behalf of the Plan.

The *Plan Manager* will afford access to *protected health information* as reasonably directed in writing by the Plan Administrator, which shall only be made with due regard for confidentiality. In that regard, the *Plan Manager* has been directed that disclosure of *protected health information* to be made to the person(s) identified by the Plan Administrator.

Individuals who have access to *protected health information* in connection with their performance of Plan-related functions under the auspices of the Plan Administrator will be trained in these privacy policies and relevant procedures prior to being granted any access to *protected health information*. The *Plan Manager* and other Plan service *providers* will be required to safeguard *protected health information* against improper disclosure through contractual arrangements.

In addition, *you* should know that the *employer* / Plan Sponsor may legally have access, on an as-needed basis, to limited health information for the purpose of determining Plan costs, contributions, Plan design, and whether Plan modifications are warranted. In addition, federal regulators such as the Department of Health and Human Services and the Department of Labor may legally require access to *protected health information* to police federal legal requirements about privacy.

Covered persons may have access to *protected health information* about them that is in the possession of the Plan, and they may make changes to correct errors. *Covered persons* are also entitled to an accounting of all disclosures that may be made by any person who acquires access to *protected health information* concerning them and uses it other than for Plan operation or benefits delivery. In this regard, please contact the Plan Administrator.

Covered persons are urged to contact the originating health care professional with respect to medical information that may have been acquired from them, as those items of information are relevant to medical care and treatment. And finally, *covered persons* may consent to disclosure of *protected health information*, as they please.

HEALTH CARE CLAIMS PROCEDURES

SUBMITTING A CLAIM

This section describes what a *covered person* (or his or her authorized representative) must do to file a *claim* for Plan benefits.

- A *claim* must be filed with the *Plan Manager* in writing and delivered to the *Plan Manager*, by mail, postage prepaid.
- *Claims* must be submitted to the *Plan Manager* at the address indicated in the documents describing the Plan or *claimant's* identification card. *Claims* will not be deemed submitted for purposes of these procedures unless and until received at the correct address.
- Also, *claims* submissions must be in a format acceptable to the *Plan Manager* and compliant with any applicable legal requirements. *Claims* that are not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic *claims* standards will not be accepted by the Plan.
- *Claims* submissions must be timely. *Claims* must be filed as soon as reasonably possible after they are incurred, and in no event later than 15 months after the date of loss, except if *you* were legally incapacitated. Plan benefits are only available for *claims* that are incurred by a *covered person* during the period that he or she is covered under the Plan.
- *Claims* submissions must be complete. They must contain, at a minimum:
 - a. The name of the *covered person* who incurred the *covered expense*;
 - b. The name and address of the health care *provider*;
 - c. The diagnosis of the condition;
 - d. The procedure or nature of the treatment;
 - e. The date of and place where the procedure or treatment has been or will be provided;
 - f. The amount billed and the amount of the *covered expense* not paid through coverage other than Plan coverage, as appropriate;
 - g. Evidence that substantiates the nature, amount, and timeliness of each *covered expense* in a format that is acceptable according to industry standards and in compliance with applicable law.

A general request for an interpretation of Plan provisions will not be considered to be a *claim*. Requests of this type, such as a request for an interpretation of the eligibility provisions of the Plan, should be directed to the Plan Administrator.

Medical *claims*, medical correspondence should be mailed to:

Humana Claims Office
P.O. Box 14601
Lexington, Kentucky 40512-4601

Claims Procedures Continued

MISCELLANEOUS MEDICAL CHARGES

If *you* accumulate bills for medical items *you* purchase or rent yourself, send them to the *Plan Manager* at least once every three months during the year (quarterly). The receipts must include the patient name, name of item, date item purchased or rented and name of the *provider of service*.

PROCEDURAL DEFECTS

If a *pre-service claim* submission is not made in accordance with the Plan's procedural requirements, the *Plan Manager* will notify the *claimant* of the procedural deficiency and how it may be cured no later than within five (5) days (or within 24 hours, in the case of an *urgent care claim*) following the failure. A *post-service claim* that is not submitted in accordance with these *claims* procedures will be returned to the submitter.

ASSIGNMENTS AND REPRESENTATIVES

A *covered person* may assign his or her right to receive Plan benefits to a health care *provider* only with the consent of the *Plan Manager*, in its sole discretion, except as may be required by applicable law. Assignments must be in writing. If a document is not sufficient to constitute an assignment, as determined by the *Plan Manager*, then the Plan will not consider an assignment to have been made. An assignment is not binding on the Plan until the *Plan Manager* receives and acknowledges in writing the original or copy of the assignment before payment of the benefit.

If benefits are assigned in accordance with the foregoing paragraph and a health care *provider* submits *claims* on behalf of a *covered person*, benefits will be paid to that health care *provider*.

In addition, a *covered person* may designate an authorized representative to act on his or her behalf in pursuing a benefit *claim* or appeal. The designation must be explicitly stated in writing and it must authorize disclosure of Protected Health Information with respect to the *claim* by the Plan, the *Plan Manager* and the authorized representative to one another. If a document is not sufficient to constitute a designation of an authorized representative, as determined by the *Plan Manager*, then the Plan will not consider a designation to have been made. An assignment of benefits does not constitute designation of an authorized representative.

- Any document designating an authorized representative must be submitted to the *Plan Manager* in advance, or at the time an authorized representative commences a course of action on behalf of a *claimant*. At the same time, the authorized representative should also provide notice of commencement of the action on behalf of the *claimant* to the *claimant*, which the *Plan Manager* may verify with the *claimant* prior to recognizing the authorized representative status.
- In any event, a health care *provider* with knowledge of a *claimant's* medical condition acting in connection with an *urgent care claim* will be recognized by the Plan as the *claimant's* authorized representative.

Covered persons should carefully consider whether to designate an authorized representative. An authorized representative may make decisions independent of the *covered person*, such as whether and how to appeal a *claim* denial.

Claims Procedures Continued

CLAIMS DECISIONS

After submission of a *claim* by a *claimant*, the *Plan Manager* will notify the *claimant* within a reasonable time, as follows:

PRE-SERVICE CLAIMS

The *Plan Manager* will notify the *claimant* of a favorable or *adverse determination* within a reasonable time appropriate to the medical circumstances, but no later than 15 days after receipt of the *claim* by the Plan.

However, this period may be extended by an additional 15 days, if the *Plan Manager* determines that the extension is necessary due to matters beyond the control of the Plan. The *Plan Manager* will notify the affected *claimant* of the extension before the end of the initial 15-day period, the circumstances requiring the extension, and the date by which the Plan expects to make a decision.

If the reason for the extension is because of the *claimant's* failure to submit information necessary to decide the *claim*, the notice of extension will describe the required information. The *claimant* will have at least 45 days from the date the notice is received to provide the specified information.

URGENT CARE CLAIMS

The *Plan Manager* will determine whether a *claim* is an *urgent care claim*. This determination will be made on the basis of information furnished by or on behalf of a *claimant*. In making this determination, the *Plan Manager* will exercise its judgment, with deference to the judgment of a *physician* with knowledge of the *claimant's* condition. Accordingly, the *Plan Manager* may require a *claimant* to clarify the medical urgency and circumstances that support the *urgent care claim* for expedited decision-making.

The *Plan Manager* will notify the *claimant* of a favorable or *adverse determination* as soon as possible, taking into account the medical exigencies particular to the *claimant's* situation, but not later than 72 hours after receipt of the *urgent care claim* by the Plan.

However, if a *claim* is submitted that does not provide sufficient information to determine whether, or to what extent, expenses are covered or payable under the Plan, notice will be provided by the *Plan Manager* as soon as possible, but not more than 24 hours after receipt of the *urgent care claim* by the Plan. The notice will describe the specific information necessary to complete the *claim*.

- The *claimant* will have a reasonable amount of time, taking into account his or her circumstances, to provide the necessary information but not less than 48 hours.
- The *Plan Manager* will notify the *claimant* of the Plan's *urgent care claim* determination as soon as possible, but in no event more than 48 hours after the earlier of:
 - a. The Plan's receipt of the specified information; or
 - b. The end of the period afforded the *claimant* to provide the specified additional information.

Claims Procedures Continued

CONCURRENT CARE DECISIONS

The *Plan Manager* will notify a *claimant* of a *concurrent care decision* that involves a reduction in or termination of benefits that have been pre-authorized. The *Plan Manager* will provide the notice sufficiently in advance of the reduction or termination to allow the *claimant* to appeal and obtain a determination on review of the *adverse determination* before the benefit is reduced or terminated.

A request by a *claimant* to extend a course of treatment beyond the period of time or number of treatments that is a *claim* involving *urgent care* will be decided by the *Plan Manager* as soon as possible, taking into account the medical exigencies. The *Plan Manager* will notify a *claimant* of the benefit determination, whether adverse or not within 24 hours after receipt of the *claim* by the Plan, provided that the *claim* is submitted to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

POST-SERVICE CLAIMS

The *Plan Manager* will notify the *claimant* of a favorable or *adverse determination* within a reasonable time, but not later than 30 days after receipt of the *claim* by the Plan.

However, this period may be extended by an additional 15 days, if the *Plan Manager* determines that the extension is necessary due to matters beyond the control of the Plan. The *Plan Manager* will notify the affected *claimant* of the extension before the end of the initial 30-day period, the circumstances requiring the extension, and the date by which the Plan expects to make a decision.

If the reason for the extension is because of the *claimant's* failure to submit information necessary to decide the *claim*, the notice of extension will describe the required information. The *claimant* will have at least 45 days from the date the notice is received to provide the specified information. The *Plan Manager* will make a decision no later than 15 days after the earlier of the date on which the information provided by the *claimant* is received by the Plan or the expiration of the time allowed for submission of the additional information.

TIMES FOR DECISIONS

The periods of time for *claims* decisions presented above begin when a *claim* is received by the Plan, in accordance with these *claims* procedures.

PAYMENT OF CLAIMS

Many health care *providers* will request an assignment of benefits as a matter of convenience to both *provider* and patient. Also as a matter of convenience, the *Plan Manager* will, in its sole discretion, assume that an assignment of benefits has been made to certain Network *Providers*. In those instances, the *Plan Manager* will make direct payment to the *hospital*, clinic, or *physician's* office, unless the *Plan Manager* is advised in writing that *you* have already paid the bill. If *you* have paid the bill, please indicate on the original statement, "paid by *employee*," and send it directly to the *Plan Manager*. *You* will receive a written explanation of the benefit determination. The *Plan Manager* reserves the right to request any information required to determine benefits or process a *claim*. *You* or the *provider* of *services* will be contacted if additional information is needed to process *your claim*.

Claims Procedures Continued

When an *employee's* child is subject to a medical child support order, the *Plan Manager* will make reimbursement of *eligible expenses* paid by *you*, the child, the child's non-*employee* custodial parent, or legal guardian, to that child or the child's custodial parent, or legal guardian, or as provided in the medical child support order.

Payment of benefits under this Plan will be made in accordance with an assignment of rights for *you* and *your dependents* as required under state Medicaid law.

Benefits payable on behalf of *you* or *your* covered *dependent* after death will be paid, at the Plan's option, to any *family member(s)* or *your* estate. The *Plan Manager* will rely upon an affidavit to determine benefit payment, unless it receives written notice of valid *claim* before payment is made. The affidavit will release the Plan from further liability.

Any payment made by the *Plan Manager* in good faith will fully discharge it to the extent of such payment.

Payments due under the Plan will be paid upon receipt of written proof of loss.

INITIAL DENIAL NOTICES

Notice of a *claim* denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, by FAX, or by e-mail, as appropriate, within the time frames noted above.

However, notices of adverse decisions involving *urgent care claims* may be provided to a *claimant* orally within the time frames noted above for expedited *urgent care claim* decisions. If oral notice is given, written notification will be provided to the *claimant* no later than 3 days after the oral notification.

A *claims* denial notice will state the specific reason or reasons for the *adverse determination*, the specific Plan provisions on which the determination is based, and a description of the Plan's review procedures and associated timeline. The notice will also include a description of any additional material or information necessary for the *claimant* to perfect the *claim* and an explanation of why such material or information is necessary.

The notice will describe the Plan's review procedures and the time limits applicable to such procedures.

The notice will also disclose any internal Plan rule, protocol or similar criterion that was relied on to deny the *claim*. A copy of the rule, protocol or similar criterion relied upon will be provided to a *claimant* free of charge upon request.

If the *adverse determination* is based on *medical necessity, experimental, investigational or for research purposes*, or similar exclusion or limit, the notice will provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the *claimant's* medical circumstances, or a statement that such explanation will be provided free of charge upon request.

In the case of an adverse decision of an *urgent care claim*, the notice will provide a description of the Plan's expedited review procedures applicable to such *claims*.

APPEALS / GRIEVANCES

If *your* medical claims have been denied, *you* have the right to file an appeal or grievance to Humana. The following section outlines *your* rights to file an appeal.

1. **Adverse Determination** – procedures performed or proposed to a *covered person* are not deemed *medically necessary*, by the insurer, or are *experimental* or *investigational services* and would result in coverage being denied, reduced or terminated. An *adverse determination* does not mean a determination that the health care services are limited or excluded by the plan, unless *medical necessity* is a result of the limitations or exclusions.
2. **Coverage Denial** – *services*, treatments, or devices that are specifically limited or excluded under the *covered person's* plan.

Who Should Perform the Appeal?

Adverse Determination – The *Plan Manager* will handle the Internal Appeal Process for *Adverse Determinations* in accordance with KRS 304.17A-600 through 633.

Coverage Denial – The *Plan Manager* will handle the Internal Appeal Process for Coverage Denials in accordance with KRS 304.17A-600 through 633.

How to File an Internal Appeal – Adverse Determination or Coverage Denial

To appeal a denial of a *hospital, physician* or other *provider's services*, the member, authorized person or provider should file an appeal to:

Humana Grievance and Appeals
P.O. Box 14546
Lexington, Kentucky 40512-4546

Initial Complaint – a *member* should always contact the *Plan Manager's* Customer Service Department first (the number is located on the back of the ID card). Many problems can be resolved the same day. If not, the *member services* representative will investigate and contact the *member* with their findings and any action taken to resolve the complaint. If a *member's* complaint is related to a denial of coverage or other decision by the *Plan Manager*, the *member* may file an appeal.

Claims Procedures Continued

Internal Appeal

If the complaint is not resolved to the satisfaction of the *member*, on the initial complaint to the *Plan Manager's* Customer Service Department, the *employee* may request an internal appeal. A request for an internal appeal must be submitted in writing within one hundred eighty (180) days of receipt of a denial letter. The letter should be sent to the address listed above and should include at a minimum the following information:

- *Member's* name and patient's name.
- The *member's* Kentucky Employees Health Plan Identification Number (found on the member's health insurance card).
- The *member's* address and daytime phone number.
- The initial denial letter.
- The *service* being denied. Include all facts and issues related to the denial, including the names of *providers* involved and medical records.

Note: A *physician* who did not participate in the initial review and denial will review the internal appeal. If the Denial is for an *Adverse Determination* and the *service* requires a medical or surgical specialty, *you* may request a review by a board eligible or certified *physician* from the appropriate specialty.

The *Plan Manager* will notify the *member* of the internal appeal decision within thirty (30) calendar days of receipt of the internal appeal request.

Expedited Appeal

An expedited appeal is deemed necessary when a *covered person* is hospitalized or, in the opinion of the treating *provider*, review under the normal timeframe could, in the absence of immediate treatment result in any of the following:

- Placing the health of the *covered person* or, with respect to a pregnant woman, the health of the *covered person* or the unborn child in serious jeopardy;
- Serious impairment of bodily functions; or
- Serious dysfunction of a bodily organ or part.

The *Plan Manager* shall render a decision within three (3) business days of receipt of the request for an expedited appeal. The expedited appeal may be requested orally with a follow-up letter.

At anytime during the internal appeal, additional pertinent information may be submitted for consideration.

How to file an External Appeal– Adverse Determination

Before a *member* can request an external appeal, they must exhaust their rights to an internal appeal. The internal appeals process can be waived if both the *member* and the *Plan Manager* agree.

Claims Procedures Continued

Adverse Determinations

If the *member* is not satisfied with the decision of the internal appeal regarding an adverse determination, the *member* may request an external appeal. The external appeal will be handled by an independent review entity (IRE) that is certified by the Kentucky Office of Insurance.

The external appeal must be requested by the *member*, authorized person or *provider* acting on behalf of and with the consent of the *member* within sixty (60) days after receipt of the internal appeal decision letter. The *member* must have completed the internal appeal process, or the *Plan Manager* must have failed to make a timely determination or notification. In addition, the *member* must have been eligible on the date of *service*, or enrolled and eligible to receive covered benefits under the health benefit plan on the date the service was requested and the treatment or *service* must cost the member at least \$100 if the *member* did not have insurance.

The *member* will be billed by the IRE for a \$25 filing fee. The fee will be refunded if the IRE finds in favor of the *member*. The fee can be waived if the IRE determines that it would create a financial hardship.

The request for an external review must be submitted to the address as listed on page 82. The request must include consent for the *Plan Manager* to release all necessary medical records to the IRE. The IRE must render a decision within twenty-one (21) calendar days of receipt of the information required from the *Plan Manager*. An extension is available to the IRE if both the *member* and the *Plan Manager* agree in advance.

Expedited External Appeal

An expedited external appeal is deemed necessary when a *covered person* is hospitalized or, in the opinion of the treating *provider*, review under the normal timeframe could, in the absence of immediate treatment may result in any of the following:

- Placing the health of the *covered person* or, with respect to a pregnant woman, the health of the *covered person* or the unborn child in serious jeopardy;
- Serious impairment of bodily functions; or
- Serious dysfunction of a bodily organ or part.

An expedited external appeal may be requested orally with a follow-up letter.

The IRE shall render a decision within twenty-four hours from receipt of all information required from the *Plan Manager*. An extension of 24 hours is available to the IRE if both the *member* and the *Plan Manager* agree.

Claims Procedures Continued

Coverage Denials

If the *member* is not satisfied with the decision of the internal appeal of a coverage denial, the *member* may request a review by the Kentucky Office of Insurance, Division of Health Insurance Policy and Managed Care, Attn: Coverage Denial Coordinator, P. O. Box 517, Frankfort, KY 40602. The request must be in writing, and should include copies of both the initial denial letter and the internal appeal decision letter.

The Kentucky Office of Insurance may either overturn or uphold the decision of the internal appeal or they may allow an external review by an independent review entity (IRE) if a medical issue requires resolution.

RIGHT TO REQUIRE MEDICAL EXAMS

(Applies only to medical Plans)

The Plan has the right to require that a medical exam be performed on any *claimant* for whom a *claim* is pending as often as may be reasonably required. If the Plan requires a medical exam, it will be performed at the Plan's expense. The Plan also has a right to request an autopsy in the case of death, if state law so allow.

EXHAUSTION

Upon completion of the appeals process under this section, a *claimant* will have exhausted his or her administrative remedies under the Plan. If the *Plan Manager* fails to complete a *claim* determination or appeal within the time limits set forth above, the *claimant* may treat the *claim* or appeal as having been denied, and the *claimant* may proceed to the next level in the review process. After exhaustion, a *claimant* may pursue any other legal remedies available to him or her. Additional information may be available from a local U.S. Department of Labor Office.

LEGAL ACTIONS AND LIMITATIONS

No action at law or in equity may be brought with respect to Plan benefits until all remedies under the Plan have been exhausted and then prior to the expiration of the applicable limitations period under applicable law.

QUALITY IMPROVEMENT

The *Plan Manager* has a Quality Improvement program that reviews complaints and grievances concerning *provider* services and administration. This program identifies standards, reviews *services* to see that those standards are met, and recommends steps for improvement. If *you* have questions about the Humana Quality Improvement program, don't hesitate to contact us. *You* can request a program summary of Humana's progress toward meeting quality goals by calling customer service at 1-877-KYSPIRIT (1-877-597-7474).

REIMBURSEMENT OF HRA FUNDS

Only medical care expenses that have not been or will not be reimbursed by any other source may be Eligible Medical Expenses (to the extent all other conditions for Eligible Medical Expenses have been satisfied). As such, this HRA does not coordinate benefits with any other group or individual health coverage except as provided herein.

“HRA Eligible Medical Expenses” are medical care expenses *incurred* by you or your eligible Dependents that satisfy all of the conditions described below. All expenses that are not within the scope of “HRA Eligible Medical Expenses” described below are excluded. Eligible Medical Expenses covered under this HRA *Plan* must also be covered under the Commonwealth Select Plan. The following expenses are eligible for reimbursement under this HRA *Plan* (provided all other terms and conditions of the HRA have been satisfied):

Medical
Preventive Health Care
Prescriptions
Over the Counter Medications
Vision
Dental
Durable Medical Equipment

“Incurred” means the date the service or treatment is provided; not when the expense arising from the service or treatment is paid. Thus, an expense that has been paid but not incurred (e.g. pre-payment to a physician) will not be reimbursed until the services or treatment giving rise to the expense has been provided. In no event will the following expenses be eligible for reimbursement:

- Any expense that is not a Code Section 213(d) expense
- Any expenses incurred for qualified long term care services
- Expenses incurred prior to the date that coverage under this HRA becomes effective
- Expenses incurred after the date that coverage under this HRA ends
- Expenses that have been reimbursed by another plan or for which plan to seek reimbursement under another health plan.

To the extent that Eligible Medical Expenses are covered both by this HRA and by an *Employer* sponsored FSA in which the employee participates, Eligible Medical Expenses are first reimbursed from the FSA and then the HRA.

CLAIMS REIMBURSEMENT

Under this HRA, you have two reimbursement options. You can complete and submit a written claim for reimbursement (see “Traditional Paper Claims” below for more information). Alternatively, you can use an electronic payment card (see “Electronic Payment Card” below for more information) to pay the expense. In order to be eligible for the Electronic Payment Card, you must agree to abide by the terms and conditions of the Electronic Payment Card Program (the “Program”) as set forth herein and in the Electronic Payment Cardholder Agreement (the “Cardholder Agreement”) including any fees applicable to participate in the program, limitations as to card usage, the *Plan*’s right to withhold and offset for ineligible claims, etc. The following is a summary of how both options work.

Claims Procedures Continued

Traditional Paper Claims

1. *You* can obtain a reimbursement form from the Third Party Administrator. *You* must complete the reimbursement form and submit it to the Third Party Administrator with an Explanation of Benefits (“EOB”). An EOB is a document provided by an insurer that explains the amounts, if any, paid under the Commonwealth Select Plan. For information relating to the Third Party Administrator, please view the *Plan* Contact Information Section of this *SPD*. Forms can be mailed to P.O. Box 3967, Louisville, Kentucky 40201-3967 or faxed to (800) 905-1851.
2. In some instances, *your* insurer (if Humana) may submit the EOB on *your* behalf. In that situation, *you* certify when *you* incur the expense that the expense has not been reimbursed by any other source and that *you* will not seek reimbursement from any other source. *You* may submit requests for reimbursement of Eligible Medical Expenses at any time prior to the end of the HRA Run Out Period. The HRA Run Out Period for active *employees* is 90 days after the end of the *plan year*. The HRA Run Out Period for terminated *employees* is 90 days from the termination date. Requests for reimbursements submitted after the HRA Run Out Period will not be reimbursed.
3. *Your* HRA claim is deemed filed when it is received by the Third Party Administrator. If *your* claim for reimbursement is approved, *you* will be provided reimbursement as soon as reasonably possible following the determination. Any unclaimed reimbursement amounts (e.g., failing to cash a reimbursement check) will be forfeited and returned to the *Employer* if not claimed (or cashed) within 90 days of receipt.
4. If it is later determined that *you* and/or *your* eligible Dependent(s) received an overpayment or a payment was made in error (e.g., *you* were reimbursed for an expense under the HRA that is later paid for by the Commonwealth Select Plan or some other medical plan), *you* will be required to refund the overpayment or erroneous reimbursement to the HRA.
5. If *you* do not refund the overpayment or erroneous payment, the *Plan* reserves the right to offset future reimbursement equal to the overpayment or erroneous payment or, if that is not feasible, to withhold such funds from *your* pay. If all other attempts to recoup the overpayment/erroneous payment are unsuccessful, the *Plan Administrator* may treat the overpayment as a bad debt, which may have income tax implications for *you*. In addition, if the *Plan Administrator* determines that *you* have submitted a fraudulent claim, the *Plan Administrator* may terminate *your* coverage under this HRA (and to the extent permissible, under the Commonwealth Select Plan).

Claims Procedures Continued

Electronic Payment Card

The Electronic Payment Card allows *you* to pay for Eligible Medical Expenses at the time that *you* incur the expense.

1. You must make an election to use the card. In order to be eligible for the Electronic Payment Card, *you* must agree to abide by the terms and conditions of the Program as set forth herein and in the Electronic Payment Cardholder Agreement (the “Cardholder Agreement”) including any fees applicable to participate in the Program, limitations as to card usage, the *Plan’s* right to withhold and offset for ineligible claims, etc. *You* must agree to abide by the terms of the Program both during the Initial Election Period and during each Annual Election Period. A Cardholder Agreement will be provided to *you*. The card will be turned off effective the first day of each *Plan Year* if *you* do not affirmatively agree to abide by the terms of the Program during the preceding Annual Election Period. The Cardholder Agreement is part of the terms and conditions of *your Plan* and this *SPD*.
2. The card will be turned off when employment or coverage terminates. The card will be turned off when *you* terminate employment or when coverage under the *Plan* ends. Contact *your* Third Party Administrator for reactivation of the electronic payment card after submission of *your* initial COBRA premium payment.
3. You must certify proper use of the card. As specified in the Cardholder Agreement, *you* certify during the applicable Election Period that the amounts in *your* HRA will only be used for Eligible Medical Expenses (i.e. medical care expenses incurred by *you*, *your spouse*, and *your* tax dependents) and that *you* have not been reimbursed for the expense and that *you* will not seek reimbursement for the expense from any other source. Failure to abide by this certification will result in termination of card use privileges.
4. HRA reimbursement under the card is limited to health care providers (including pharmacies). Use of the card for HRA expenses is limited to merchants who are health care providers (doctors, pharmacies, etc.). As set forth in the Cardholder Agreement, *you* will not be able to use the card at a regular retail store – e.g., a supermarket, grocery store, or discount store with a pharmacy.
5. You swipe the card at the health care provider like you do any other credit card. When *you* incur an Eligible Medical Expense at a doctor’s office or pharmacy, such as a co-payment or prescription drug expense, *you* swipe the card at the provider’s office much like *you* would a typical credit card. The provider is paid for the expense up to the maximum reimbursement amount available under the HRA (or as otherwise limited by the Program) at the time that *you* swipe the card. Every time *you* swipe the card, *you* certify to the *Plan* that the expense for which payment under the HRA is being made is an Eligible Medical Expense and that *you* have not been reimbursed from any other source nor will *you* seek reimbursement from another source.
6. You must obtain and retain a receipt/third party statement each time you swipe the card. *You* must obtain a third party statement from the health care provider (e.g., receipt, invoice, etc.) that includes the following information each time *you* swipe the card:

Claims Procedures Continued

- The nature of the expense (e.g., what type of service or treatment was provided).
- If the expense is for an over the counter drug, the written statement must indicate the name of the drug.
- The date the expense was incurred.
- The amount of the expense.

You must retain this receipt for one year following the close of the *Plan year* in which the expense is incurred. Even though payment is made under the card arrangement, *you* may be required to submit a written third party statement (except as otherwise provided in the Cardholder Agreement). *You* will receive a letter from the Claims Administrator that a third party statement is needed. *You* must provide the third party statement to the Claims Administrator within 45 days (or such longer period provided in the letter from the Claims Administrator) of the request.

7. There may be situations in which *you* will not be required to provide the written statement to the claims administrator. More detail as to which situations apply under *your Plan* is specified in the Cardholder Agreement:

- **Co-Pay Match:** As specified in the Cardholder Agreement, no written statement is necessary if the Electronic Payment Card payment matches a specific co-payment *you* have under the Commonwealth Select Plan for the particular service that was provided. For example, if *you* have a \$10 co-pay for physician office visits, and the payment was made to a physician office in the amount of \$10, *you* will not be required to provide the third party statement to the Claims Administrator.
- **Previously Approved Claim Match:** As specified in the Cardholder Agreement, no written statement is required if the expense is the same as the amount, duration and provider as a previously approved expense. For example, the claims administrator approves a 30 count prescription with 3 refills that was purchased at ABC Pharmacy. Each time the card is swiped for subsequent refills at ABC Pharmacy the receipt need not be provided to the Claims Administrator if the expense incurred is the same amount.
- **Provider Match Program:** As specified in the Cardholder Agreement, no third party statement is required to be submitted to the Claims Administrator if the electronic claim file is accompanied by an electronic or written confirmation from the health care provider (e.g., *your* prescription benefits manager) that identifies the nature of *your* expense and verifies the amount.

Note: You should still obtain the third party receipt when you incur an expense and swipe the card, even if you think it will not be needed, in the event the receipt is requested by the Claims Administrator.

Claims Procedures Continued

8. You must pay back any improperly paid claims. If *you* are unable to provide adequate or timely substantiation as requested by the Claims Administrator, *you* must repay the *Plan* for the unsubstantiated expense. The deadline for repaying the *Plan* is set forth in the Cardholder Agreement. If *you* do not repay the *Plan* within the applicable time period, the card will be turned off and an amount equal to the unsubstantiated expense will be offset against future eligible claims under the HRA. If no claims are submitted prior to the date *you* terminate coverage in the *Plan*, or claims are submitted but they are not sufficient to cover the unsubstantiated expense amount, then the amount may be withheld from *your* pay (as specified in the Cardholder Agreement). Lastly, the *employer* may treat the unreimbursed amount as a bad business debt, which could have income tax implications for *you*.
9. You can use either the payment card or the traditional paper claims approach. *You* have the choice as to how to submit *your* eligible claims. If *you* elect not to use the electronic payment card, *you* may also submit claims under the Traditional Paper Claims approach discussed above. Claims for which the Electronic Payment Card has been used cannot be submitted as Traditional Paper Claims.

MAXIMUM AMOUNT OF REIMBURSEMENT

The maximum reimbursement amount that *you* can receive is equal to *your* Health Reimbursement Account balance at the time the request for reimbursement is processed. Any portion of a claim for reimbursement that exceeds the maximum reimbursement amount will be suspended and processed when the Reimbursement Account becomes sufficient. Pended claims will be processed and, if appropriate, paid before any new claims are processed and paid.

DENIED CLAIMS

If *your* claim for benefits is denied, *you* will have the right to a full and fair review process.

CLAIMS REVIEW PROCEDURE CHART

The *Plan* has established the following claims review procedure in the event you are denied a benefit under this *Plan*.

Step 1: Notice is received from Third Party Administrator. If your claim is denied, you will receive written notice from the Third Party Administrator that your claim is denied as soon as reasonably possible, but no later than 30 days after receipt of the claim. For reasons beyond the control of the Third Party Administrator, the Third Party Administrator may take up to an additional 15 days to review your claim. You will be provided written notice of the need for additional time prior to the end of the 30-day period. If the reason for the additional time is that you need to provide additional information, you will have 45 days from the notice of the extension to obtain that information. The time period during which the Third Party Administrator must make a decision will be suspended until the earlier of the date that you provide the information or the end of the 45-day period.

Step 2: Review your notice carefully. Once you have received your notice from the Third Party Administrator, review it carefully. The notice will contain:

Claims Procedures Continued

- The reason(s) for the denial and the *Plan* provisions on which the denial is based;
- A description of any additional information necessary for you to perfect your claim, why the information is necessary, and your time limit for submitting the information;
- A description of the *Plan*'s appeal procedures and the time limits applicable to such procedures; and
- A right to request all documentation relevant to your claim.

Step 3: If you disagree with the decision, file an Appeal. If you do not agree with the decision of the Third Party Administrator and you wish to appeal, you must file your appeal no later than 180 days after receipt of the notice described in Step 1. You should submit all information identified in the notice of denial as necessary to perfect your claim and any additional information that you believe would support your claim.

Step 4: Notice of Denial is received from Third Party Administrator. If the claim is again denied, you will be notified in writing as soon as possible but no later than 30 days after receipt of the appeal by the Third Party Administrator.

Step 5: Review your notice carefully. You should take the same action that you took in Step 2 described above. The notice will contain the same type of information that is provided in the first notice of denial provided by the Third Party Administrator.

Step 6: If you still disagree with the Third Party Administrator's decision, file a 2nd Level Appeal with the *Plan Administrator*. If you still do not agree with the Third Party Administrator's decision and you wish to appeal, you must file a written appeal with the *Plan Administrator* within the time period set forth in the first level appeal denial notice from the Third Party Administrator. You should gather any additional information that is identified in the notice as necessary to perfect your claim and any other information that you believe would support your claim.

If the *Plan Administrator* denies your 2nd Level Appeal, you will receive notice within 30 days after the *Plan Administrator* receives your claim. The notice will contain the same type of information that was referenced in Step 1 above.

Other important information regarding your appeals

- Each level of appeal will be independent from the previous level (i.e., the same person(s) or subordinates of the same person(s) involved in a prior level of appeal will not be involved in the appeal);
- On each level of appeal, the claims reviewer will review relevant information that you submit even if it is new information; and
- You cannot file suit in federal court until you have exhausted these appeals procedures.

Continue Group Health Plan Coverage

You may continue health care coverage for yourself, *Spouse* or Dependent children if there is a loss of coverage under the *Plan* as a result of a *qualifying event*. KEHP *dependent* child eligibility rules

Definition Continued

Unmarried dependent child: For purposes of our health insurance Plan, an unmarried *dependent* child is a *member's* blood child, stepchild, adopted/placed child, foster child or grandchild, who meets the following **eligibility rules**:

- lives with the *member* for more than half of the *calendar year*;
- does not provide over one-half of his/her own support during the *calendar year*; and
- is less than 24 years of age at the end of the NEXT *calendar year*;

Temporary absences, such as for school, are permitted.

A *dependent* child who does not live with the *member*, but for whom the *member* or his/her *spouse* has a legal obligation under a divorce decree, court order or administrative order to provide for the health care expenses of the child, remains eligible for coverage under the Plan.

A foster child must have been placed by an authorized agency or by judgment, decree or court order.

A grandchild meets the above eligibility rules only when the *member* has guardianship or custody papers.

Age restrictions do not apply to a child that is permanently and totally disabled.

For purposes of our health insurance Plan, an unmarried disabled *dependent* may *continue* to be covered under the Plan beyond the age limit specified under the eligibility rules if the disability started before the limiting age and is medically certified by a *physician*.

A total disability is defined as the condition that results when any medically determinable physical or mental condition prevents a *dependent* from engaging in substantial gainful activity and can be expected to result in death or to be of a continuous or indefinite duration. The KEHP's Third Party Administrator may require proof of the *dependent's* disability at least annually.

A disabled *dependent* not covered under the Plan prior to the limiting age may only be enrolled in the KEHP if he/she **loses** other health insurance coverage.

If, during Open Enrollment, *you* wish to enroll a disabled *dependent* that is past the limiting age specified under the eligibility rules, *you* must show proof that the disabled *dependent* has experienced a loss of coverage. The request to add the disabled *dependent* must be made within thirty (30) calendar days of the qualifying event (QE).

Working Families Tax Relief Act (WFTRA) of 2004

In the Working Families Tax Relief Act (WFTRA) of 2004 (I.R.C. § 152), Congress changed the way the Internal Revenue Service treats children under the tax code. This change may affect planholders if they pay their health insurance premiums pre-tax through the KEHP's Section 125 cafeteria plan.

Definition Continued

The WFTRA of 2004 developed a new definition for “qualified child” and “qualified relative.” An *employee* will NOT be able to pay *dependent* premiums on a pre-tax basis if the *employee’s dependent(s)* CANNOT MEET ONE of these definitions (qualifying child or qualifying relative). In nearly all circumstances, if the *dependent* meets KEHP eligibility criteria, they will also meet one of these federal definitions. **The KEHP dependent eligibility rules shall always be met before a dependent can be enrolled in the KEHP.**

Pursuant to I.R.C. § 152, the new definitions are as follows:

A “qualifying child” (QC) is a child who:

- has a specific, family-type relationship to the *member-taxpayer*.
- resides with the *member* in his/her household for more than half of the tax year (with certain exceptions such as “temporary absences” if a full-time student).
- is under age 19 and not a full-time student (or under age 24 if a full-time student) as of the end of the *calendar year* in which the *member’s* taxable year begins.

There is no age requirement if a child is permanently and totally disabled.

- has not provided more than half of his/her own support. The *member-taxpayer* no longer has to provide over half of the *dependent-child’s* support for the tax year, unless s/he is a full-time student.

A “qualifying relative” (QR) is a child or other individual who:

- has a specific, family-type relationship to the *member-taxpayer*, and is someone who resides with the *employee* in his/her household for the *member’s* taxable year.

A person cannot be a “qualifying relative” of the *member* if at any time during the taxable year the relationship between the *member* and the person violates federal, state, or local law.

- receives over half of his/her own support from the *member-taxpayer*.
- is not anyone’s (including the *member’s*) “qualifying child.”

IMPORTANT: I.R.C. § 152 does not change KEHP’s eligibility rules. It does not create any new category of eligible *dependents*, or make people who were previously ineligible for coverage now eligible. It simply redefines the way the IRS treats *dependent* children age 24 and over for tax purposes only. A dependent shall meet KEHP’s eligibility rules before an employee may add the dependent to the Plan. **Adding a dependent to the Plan who does not meet the KEHP eligibility rules may be considered insurance fraud.** Paying *dependent* premiums on a pre-tax basis for an individual who does not meet the definition of “qualifying child” or “qualifying relative” may be in violation of federal tax law.

Definition Continued

Diagnostic Admission means an admission of an *inpatient* that does not require the constant availability of medical supervision or *skilled nursing care* to monitor a condition. The primary purpose of such admission is to arrive at a diagnosis through the use of x-ray and laboratory tests, consultations, and evaluation, as documented by the *hospital's* medical records, these *diagnostic services* could be provided on an *outpatient* basis to determine the need for treatment.

Diagnostic Service means a test or procedure rendered because of specific symptoms and which is directed toward the determination of a definite condition or disease. A *diagnostic service* must be ordered by a *physician* or other professional *provider*.

Durable medical equipment (DME) means equipment that is *medically necessary* and able to withstand repeated use. It must also be primarily and customarily used to serve a medical purpose and not be generally useful to a person except for the treatment of a *bodily injury* or *sickness*.

Effective date means the date on which coverage for a *covered person* begins.

Eligible person means a person who meets the eligibility requirements of the *Kentucky Employees Health Plan*.

Eligible Expense means a *provider's* fee which:

1. is the *provider's* usual charge for a given service under the *covered person's* plan;
2. is within the range of fees charged by *providers* of similar training and experience for the same or similar service or supply within the same or similar limited geographic area; and
3. does not exceed the fee schedule developed by the *carrier* for a network *provider*.

The terms "*eligible expense*" and "reasonable and customary charge" are interchangeable.

Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain that a prudent lay person would reasonably have cause to believe constitutes a condition that the absence of immediate medical attention could reasonably be expected to result in: (a) placing the health or the individual or with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part.

With respect to a pregnant woman who is having contractions: (a) a situation in which there is inadequate time to effect a safe transfer to another *hospital* before delivery; or (b) a situation in which transfer may pose a threat to the health or safety of the woman or the unborn child.

Employee means a person who is employed by agencies participating in the *Kentucky Employees Health Plan* and eligible to apply for coverage under a *Kentucky Employees Health Plan* or who is a retiree of a state sponsored Retirement System Health Plan.

Enrollment date means the first (1st) day of coverage of a *member* and his/her eligible *dependents* under the *certificate*, or, if there is a *waiting period*, the first day of the *waiting period* (typically the date employment begins).

Experimental, investigational or for research purposes:

Services, supplies, or other care, including treatments, procedures, hospitalizations, drugs, biological products or medical devices, which a Peer Review Panel determines are:

1. not of proven benefit for the particular diagnosis or treatment of the *covered person's* particular condition;
2. not generally recognized by the medical community as effective or appropriate for the particular diagnosis or treatment of the *covered person's* particular condition; or
3. provided or performed in special settings for research purposes or under a controlled environment or clinical protocol.

Unless otherwise required by law with respect to drugs which have been prescribed for the treatment of a type of cancer for which the drug has not been approved by the United States Food and Drug Administration (FDA), the plan shall not cover any *services* or supplies, including treatment, procedures, drugs, biological products or medical devices or any hospitalization in connection with *experimental or investigational services* or supplies. The plan shall not cover any technology or any hospitalization in connection with such technology if such technology is obsolete or ineffective and is not used generally by the medical community for the particular diagnosis or treatment of the *covered person's* particular condition. Governmental approval of a technology is not necessarily sufficient to render it of proven benefit or appropriate or effective for a particular diagnosis or treatment of the particular condition as explained below.

The *carrier* shall apply the following five (5) criteria in determining whether *services* or supplies are *experimental or investigational*:

1. Any medical device, drug, or biological product must have received final approval to market by the FDA for the particular diagnosis or condition. Any other approval granted as an interim step in the FDA regulatory process, e.g., an Investigational Device Exemption or an Investigational New Drug Exemption, is not sufficient. Permitted Election Changes

End Notes:

- (1) The final regulation preamble indicates that dependents who can be added are those who were directly affected by the status change event plus other dependents (the so-called “tag-along” rule). However, the examples in the regulation only explicitly deal with situations where an employee elects family coverage and adds family members at no additional cost. It is not clear, but IRS staff members have informally stated that the “tag-along” rule applies even if the employee must increase an election to add additional dependents. Also, the preamble and examples in the regulation indicate that the “tag-along” rule applies to HIPAA events and situations where a spouse terminates employment; it is not clear what other events might be covered by the “tag-along” rule.
- (2) It appears this rule does not require that a spouse’s coverage include a Health FSA.
- (3) By an increase or decrease in dependent care expenses, we mean that the event increases or decreases the amount of expenses that an employee can have reimbursed on a tax-free basis under Code section 129 from a dependent care assistance plan. For example, if the employee gets married and his or her spouse does not work outside the home, the spouse would be available to care for a child, and thus the employee may not be able to claim that dependent care expenses are being used to enable the employee to be gainfully employed — a condition that must be satisfied for the expense to be reimbursed on a tax-free basis under Code section 129. Conversely, the marriage can increase the amount of expenses reimbursable under the dependent care assistance plan if, for example, a new spouse or stepchild is a “qualifying individual” for whom dependent care assistance can be received. A spouse’s death or divorce might lead to fewer dependent care expenses eligible for reimbursement under section 129 if, for example, the spouse was a “qualifying individual.” Conversely, if the spouse was not employed outside the home, the death or divorce might require the employee to pay for a caregiver in order to remain gainfully employed, and therefore the expenses may be reimbursed on a tax-free basis under section 129.
- (4) Most employees are entitled to certain rights under the Family and Medical Leave Act (FMLA), whether or not the benefits are provided through a cafeteria plan. Employees generally must receive up to 12 weeks of unpaid FMLA leave, although the employee or employer generally can choose to substitute available paid leave for unpaid leave. During FMLA leave, the employer must maintain group health coverage (including FSA coverage) on the same conditions as coverage would be provided if the employee had not taken the leave. An employee’s entitlement to other benefits during FMLA leave is determined by the employer’s established policy for providing such benefits when the employee is on other forms of paid or unpaid leave (as appropriate). If benefits are continued during unpaid leave, proposed IRS regulations allow benefits purchased through a cafeteria plan to be paid in several ways, including increased salary reductions before the leave to prepay benefits or using salary reductions after the leave to “catch-up” on payments. Benefits continued on paid FMLA leave are paid for in the same manner as during any paid leave. Employees can choose to drop benefits while on leave, but FMLA requires they have the right to be reinstated upon return from leave.
- (5) For purposes of eligibility in this plan, a divorced dependent is not an “unmarried” dependent.
- (6) Primary residence is the official residence claimed for tax purposes.
- (7) Military Insurance Coverage, which does not include Veteran’s Administration benefits, is considered “Another Employer Plan”.
- (8) “Cost or Coverage Changes under the Employer’s Plan” are not included in this chart. In the event there is a mid-year change in the health plan, specific direction will be provided to the group or groups affected.
- (9) An employee must request the mid-year election change within 30 days of the return to work date.
- (10) Supporting documentation required.
- (11) HIPAA Special Enrollment Right
- (12) Qualifying Event permits change in plan option (Essential, Enhanced, Select or Premier).

EFFECTIVE DATES

Effective dates for the various mid-year election changes are as follows:
