Your dental benefits at a glance

Dental benefits make it easier and more affordable to care for your mouth — and smile. Regular dental checkups help your dentist keep your teeth and gums healthy and catch potential issues earlier, when they're easier to treat. Good oral health can also help improve overall health and reduce the risk of diabetes, heart disease, and other serious health conditions.¹

Save money and time by choosing a dentist in your plan's network

Anthem has one of the largest dental networks in the country,² so you can feel confident about accessing the care you need, when you need it.

Choosing dentists in your plan's network can help reduce your costs. This is because the dentists in your plan's network have a contract with us to provide care at lower rates. Plus, they will file your claims for you.

Online tools to help make the most of your plan

To help you maximize your benefits, we offer tools like:

- **Ask a Hygienist:** Email a licensed dental hygienist for personalized advice.
- **Dental Health Assessment:** Find out how to have and keep a healthy smile.
- **Dental Cost Estimator:** Estimate costs based on your ZIP code.
- **SydneySM Health mobile app:** Search for a local dentist, check claims, and access your digital member ID card.

³ If you go to a dentist who is not in your plan's network, you may be responsible for paying the difference between the amount they charge and the amount that your plan covers.

⁴ Dental services exceeding annual benefit maximum(s) are not Covered Services in compliance with applicable state law(s) and participating provider discounts may not apply. Please contact your dentist to determine available discounts prior to obtaining services. For complete coverage details, please refer to your plan certificate or contact member services.

Sydney Health is offered through an arrangement with Carelon Digital Platforms, a separate company offering mobile application services on behalf of your health plan. ©2023
